The Government of West Bengal in the Department of Labour, by order No. 5054-I.R./IR/11L-217/58, dated 23rd October 1959, referred under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), an industrial dispute between Messrs. Binani Optical Industries, 248/1 Bowbazar Street, Calcutta-12, and their workmen represented by Optical Workers' Association, 1/1 Tarak Mitra Lane, Calcutta-26, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Whether the dismissal of Shri Paritosh Gui is justified. To what relief, if any, is he entitled?

AWARD

This is a dispute arising out of alleged illegal and unjustified dismissal of Shri Paritosh Gui, previously under the employment of Messrs. Binani Optical Industries, 248/1 Bowbazar Street, Calcutta-12 (hereinafter referred to as Company for the sake of brevity).

The Union in its written statement contends that Shri Paritosh Gui (Giri) was a permanent workman of the Company with a clean record of spotless service. The Company abruptly terminated his service on 2nd June 1959 by way of victimisation on the plea of retrenchment. Hence the dispute.

The Company in its written statement denied the allegation of the Union and seeks to justify the dismissal of the workman concerned and contends that the Court has no jurisdiction, since it is an individual dispute.

Decision

22nd March 1960 was the date fixed for settling the date of hearing, but in the meantime on 18th March 1960 both the parties put in a joint petition settling the dispute out of Court. It appears from the petition of compromise that the workman concerned has given up all his claims against the Company and the parties did not desire to proceed further into this matter. I see no objection to the settlement being given effect to. Thus there is no dispute between the parties and a "No Dispute Award" is passed as prayed for.

Schedule

Whether the termination of employment of Shri Ram Bahadur is justified. To what relief, if any, is he entitled?

AWARD

This is a dispute arising out of alleged illegal and unjustified termination of employment of Shri Ram Bahadur previously in the employment of Messrs. Asiatic Aluminium Works, 194 G. T. Road, Salkia, Howrah (hereinafter referred to as the "Works" for the sake brevity).

The Union put in a written statement in due course, but the Works did not put in any written statement in this case. In the meantime on 12th March 1960 both the parties put in a joint petition of compromise settling the dispute out of Court. It appears from the petition of compromise that the Works has agreed to reinstate the discharged workman immediately and that the period of his non-employment will be treated as leave without pay without break in service. The terms of the petition of compromise appear to be fair, reasonable and lawful and may be given effect to. The dispute is therefore disposed of in terms of the petition of compromise which do form a part of this award.

If in any case the Health Officer or a Sanitary Inspector considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of smallpox, he may forthwith take such steps as he may think fit for carrying out the work and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.

3. If any measure which the Health Officer or a Sanitary Inspector has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice the Health Officer or a Sanitary Inspector shall be entitled to carry out the measure.

Cost and compensation

4. (1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the municipality except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by such person:

Provided that where the conditions, which led the Health Officer or a Sanitary Inspector to pass such an order, are not attributable to any act or default of the person in possession of the property, the municipality may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The municipality may recover all expenses incurred by the Health Officer or a Sanitary Inspector in carrying out the measure under regulation 3 from the person or persons to whom the notice was originally issued.

5. The municipality shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer or a Sanitary Inspector.

When the inmates of the house are all females, the medical attendant or the senior male inmate of the nearest house shall give the required information.

No. 4122/M3R-3/60.—26th April 1960.—Whereas the Commissioners of the Darjeeling Municipality in the district of Darjeeling have made the following rules under section 75 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and have applied to the State Government for confirmation of the said rules under section 506 of the said Act;

And whereas (a) notice of the intention to apply for such confirmation of the said rules has been duly given one month before the making of the application for confirmation as required by clause (i) of sub-section (2) of section 506 of the said Act; and (b) for one month before the making of the application a copy of the said rules has been kept at the office of the Commissioners of the said Municipality and has been open during office hours thereat to the inspection of the inhabitants of the said municipality without fee, as required by clause (ii) of sub-section (2) of section 506 of the said Act;

Now, therefore, the Governor is pleased in exercise of the power conferred by section 75 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), to approve and in exercise of the power conferred by section 506 of the said act to confirm the following rules, namely:—

Conduct Rules for the employees of Darjeeling Municipality.

1. **Interpretation:** In these rules,—

(a) "Employee" means an employee of the Darjeeling Municipality.

(b) "Local authority" means the Commissioners of the Darjeeling Municipality constituted under the Bengal Municipal Act, 1932.

2. **Gifts:** (1) Same as otherwise provided in this rule, an employee shall not, except with the previous sanction of the local authority—

(a) accept directly or indirectly on his own behalf or on behalf of any other person, or

(b) permit any member of his family so to accept, any gift, gratuity or reward or any offer of a gift, gratuity or reward from any person.

(2) Subject to the provisions of any general or special order of the local authority, any employee may accept from any person a complimentary present of flowers or fruit or similar articles of trifling value, but all employees shall use their best endeavours to discourage the tender of such gifts.

(3) Any employee may accept or permit any member of his family to accept, from any person who is his personal friend, a wedding present of a value which is reasonable in all the circumstances of the case. All employees shall use their best endeavours to discourage the tender of such presents and such acceptance or permission shall be reported to the local authority, and, if the local authority so require, the present shall be returned to the donor.

(4) If an employee cannot, without giving undue offence, refuse a gift of substantial value from any person, he may accept the same, but shall, unless the local authority by special order otherwise direct, deliver the gift to the said authority.

3. **Public demonstrations in honour of employees of local authority:** (1) Save as otherwise provided in this rule, an employee shall not, except with the previous sanction of the local authority—

(a) receive any complimentary or valedictory address, accept any testimonial or attend any public meeting or entertainment held in his honour; or

(b) take part in the presentation of a complimentary or valedictory address or of a testimonial to any other employee or to any person who has recently quitted the service of a local authority, or attend a public meeting or entertainment held in the honour of such other employee or person.

(2) Notwithstanding anything contained in sub-rule (1)—

(a) an employee may at the request of any public body sit for a portrait, bust or statute not intended for presentation to him;

(b) an employee may take part in the raising of a fund to be expended in recognition of the services of any other employee or of a person who has recently quitted the service of a local authority, on the foundation of a scholarship or on any other public or charitable object or on the execution of any portrait, bust or statute not intended for presentation to such other employee or person: Provided that no employee shall solicit any subscription in aid of such fund;

(c) subject to the provisions of any general or special order of the local authority, an employee may attend a farewell entertainment of a substantially private and informal character held as a mark of regard to himself or to some other employee, or to a person who has recently quitted the service of a local authority on the occasion of the retirement from service or departure from a district or station of himself or other person.

4. **Presentation of trowels, etc., at ceremonial functions:** An employee shall not, save with the previous sanction of the local authority, receive any trowel, key or other similar article offered to him at a ceremonial function, such as laying of a foundation stone or the opening of a public building.

5. **Application of rules 2 and 3 to medical officers:** Subject to the provisions of any general or special order of the local authority, an employee who is a medical officer, nurse or midwife, may accept any fee, gift, gratuity or reward offered by any person or a body of persons in recognition of his/her professional services.

6. **Subscriptions:** An employee may not, without the previous sanction of the local authority, ask for or accept from any person, any subscription or other pecuniary assistance in pursuance of any object whatsoever.

7. **Purchase of resignation:** Employees may not enter into any pecuniary arrangement for the resignation by one of them of any office under the local authority for the benefit of the others. Should this rule be infringed, any nomination or appointment consequent upon such resignation will be cancelled and such parties to the arrangement as are still in the service will be suspended, pending the orders of the local authority or the State Government as the case may be.

8. **Lending and borrowing:** (1) An employee shall not lend to or borrow money from, except in the ordinary course of business with a Joint Stock Bank or a firm of standing, or otherwise place himself under a pecuniary obligation to any person subject to his official authority.

(2) Every employee shall, after his appointment as such, submit to the local authority a declaration of the loans made or taken by him to or from any person or persons which are still to be repaid:

Provided that this rule in so far as it relates to the lending to or borrowing from co-operative societies registered under Act II of 1912, shall be subject to any general or special restrictions or relaxations made or permitted by the local authority.

9. **Buying and selling houses and other valuable property:** Same in the case of a transaction conducted in good faith with a regular dealer, an employee who intends to transact any purchase, sale or disposal by other means of moveable or immoveable property exceeding in value of Rs. 200, with any person residing, possessing immoveable property or carrying on business within the area under the local authority, shall declare his intention to the local authority or to such officer as the said authority may appoint. Any declaration shall state fully the circumstances, the price offered or demanded and, in the case of disposal otherwise than by sale, the method of disposal. Thereafter such employee shall act in accordance with such orders as may be passed by the local authority or the officer appointed for the purpose.

10. **Control over immovable property held or acquired by employee of a local authority:** Every employee or candidate for service under a local authority must make to the local authority concerned, a declaration of all immoveable property which may from time to time be held or acquired by him or by his wife or by any member of his family living with, or in any way dependent upon him.

Such declaration should state the police-station, district and the State within which the property is situated and should give such further information as the local authority may by general or special order require.

11. **Investments other than those in immoveable property:** An employee may not make any investment, other than an investment in immoveable property which gives him such private interest in matters with which his public duties are connected as would be likely in the opinion of the local authority to embarrass or influence him in the discharge of his duties.

Subject to this condition he may hold or acquire shares in any Company, including a mining or agricultural company, which has for its object the development of the resources of the country.

Subject to the same condition he may place deposits in Provincial or Central Banks registered under Act II of 1912, and make investments in non-agricultural societies registered under that Act.

12. **Speculation:** An employee may not speculate in investments. In applying this general rule, the purchase of a grant of land supposed to contain minerals with the object of disposing of it to companies, and the habitual purchase and sale of securities of notoriously fluctuating value, will be treated as speculation in investments.

13. **Promotion and management of companies:** An employee whether on leave or in active service, may not, without the special sanction of the local authority, take part in the promotion, registration or management of any Bank or other company.

14. **Private trade or employment:** An employee may not, without the previous sanction of the local authority, engage in any trade or undertake any employment, other than his public duties.

An employee may undertake occasional work of a literary or artistic character, provided that his public duties do not suffer thereby; but the local authority may, in its discretion, at any time forbid him to undertake or require him to abandon any employment which in its opinion is undesirable.

Note: The Secretaryship of a club does not constitute employment in the sense of this rule, provided that it does not occupy so much of an employee's time as to interfere with his public duties and that it is an honorary office, that is to say, that it is not remunerated by any payment in cash, or any equivalent thereof other than the customary concessions of free quarters and personal exemption from messing charges only. Any employee proposing to become the Honorary Secretary of a club, should inform his immediate departmental superior who will decide, with reference to this rule and note, whether the matter should be reported for the orders of the local authority.

15. **Insolvency and habitual indebtedness:** (1) When an employee is adjudged or declared an insolvent, or when one moiety of the salary of an employee is constantly being attached, has been continuously under attachment for a period exceeding two years or is attached for a sum which, in ordinary circumstances, cannot be repaid within a period of two years, he will be considered liable to dismissal.

(2) When such employee is not liable to dismissal otherwise than by or with the sanction of the State Government, the matter must, if he is declared insolvent, and may, if a moiety of his salary is attached, be reported to the State Government, pending the receipt of whose orders he will be suspended from service.

(3) When a moiety of an employee's salary is attached, the report should show what is the proportion of the debts to the salary, how far they detract from the debtor's efficiency as an employee; whether the debtor's position is irretrievable; and whether in the circumstances of the case, it is desirable to retain him in the post occupied by him when the matter was brought to the notice of the local authority or Government.

(4) In every case under this rule, the burden of proving that the insolvency or indebtedness is the result of circumstances which, with the exercise of ordinary diligence, the debtor could not have foreseen or over which he had no control, and has not proceeded from extravagant or dissipated habits, will be upon the debtor.

16. **Communication of official documents or information:** An employee may not, unless generally or specially empowered by the local authority in this behalf, communicate directly or indirectly to employees belonging to other local authorities or to non-official persons, or to the Press, any document or information which has come into his possession in the course of his public duties, or has been prepared or collected by him in the course of those duties, whether from official sources, or otherwise.

17. **Connection with the Press:** An employee may not, without the previous sanction of the local authority, become the proprietor in whole or in part, or conduct or participate in the editing or management of any newspaper or other periodical publication.

Such sanction will be given only in the case of a newspaper or publication mainly devoted to matter not of a political character, and may at any time, in the discretion of the local authority, be withdrawn.

18. Subject to the provisions of rule 16, an employee may contribute anonymously to the Press, but must confine himself within the limits of temperate and reasonable discussion; and, if this connection with the Press is contrary to the public interest, the local authority may withdraw his liberty to contribute. When there is room for doubt whether the connection of any employee with the Press is or is not contrary to the public interests, the matter should be referred to the State Government for orders.

19. **Criticism of Local Authority and Government and publication of information or opinion upon matters relating to foreign countries:** (1) No employee shall, in any document published under his own name or in any public utterance delivered by him, make any statement of fact or opinion which is capable of embarrassing—

(a) the relations between the local authority and the people or between Government and the people of India or any section thereof, or

(b) the relations between Government and any foreign country.

(2) An employee who intends to publish any document under his own name or to deliver any public utterance containing statements in respect of which any doubt as to the application of the restrictions imposed by sub-rule (1) may arise, shall submit, to the local authority under which he is serving a copy of draft of the document which he intends to publish or of the utterance which he intends to deliver, and shall not publish the document or deliver the utterance save with the sanction of the local authority under which he is serving and with such alterations, if any, as the said authority may direct.

20. **Evidence before committees:** An employee may not give evidence before a public committee—

(1) In India, unless he has first obtained the permission of the local authority under whom he is serving;

(2) Outside India, unless he has first obtained the permission of the State Government.

In giving such evidence he must not critize the policy or decisions of the local authority or of Government.

This rule will not apply to evidence given before statutory committee with power to compel attendance and the giving of answers, nor to evidence given in judicial enquiries.

21. **Taking part in politics and elections:** (1)(i) No employee shall take part in, or subscribe in aid of, or assist in any way, any political movement in India or any political movement relating to Indian affairs.

Explanation: The expression "political movement" includes any movement or activities tending directly or indirectly to excite disaffection against, or to embarras, the Government or the local authority as by law established, or to promote feelings of hatred or enmity between different classes of people in India or to disturb the public peace.

(ii) No employee shall permit any person dependent on him for maintenance or under his care or control to take part in, or in any way assist, any movement or activity which is, or tends directly or indirectly to be subversive of the local authority or Government as by law established.

Explanation: An employee shall be deemed to have permitted a person to take part in or assist a movement or activity within the meaning of clause (ii), if he has not taken every possible precaution and done everything in his power to prevent such person so acting or if, when he knows or has reason to suspect that such person is so acting he does not at once inform the local authority or the Government.

(2) An employee shall not canvass or otherwise interfere or use his influence in connection with, or take part in, any election to a legislative body or any local authority, whether in India or elsewhere:

Provided that an employee who is qualified to vote at such election may exercise his right to vote but if he does so, shall give no indication of the manner in which he proposes to vote or has voted.

(3) An employee who issues an address to electors or in any other manner publicly announces himself or allows himself to be publicly announced as a candidate or prospective candidate for election to a legislative body or a local authority shall be deemed, for the purposes of sub-rule (2), to take part in an election thereto.

22. **Vindication of acts and character of an employee of a local authority as such:** An employee may not without the previous sanction of the local authority, have recourse to any court or to the Press for the vindication of his public acts or character, from defamatory attacks. In granting sanction to the recourse to a court, the local authority will in each case decide whether it will itself bear the costs of the proceedings, or whether the employee shall institute the proceedings at his own expense, and, if so, whether, in the event of a decision in his favour, the local authority shall reimburse him to the extent of the whole or any part of the costs.

Nothing in this rule will limit or otherwise affect the right of any employee to vindicate his private acts or character.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Cooke & Kelvey Ltd., 20 Old Court House Street, Calcutta-1, and their workmen represented by Cooke & Kelvey Workers' Union, 1/1 Tarak Mitra Lane, Calcutta-26. (Case No. VIII-167 of 1959.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. R. GHOSH, Judge, Third Industrial Tribunal.

For the Union: Shri H. L. Roy, Advocate.

For the Company: Shri N. K. Mukherjee, Advocate.

AWARD

By order No. 4854-I.R./IR/11L-248/58, dated the 30th September 1959, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Cooke & Kelvey Ltd., 20 Old Court House Street, Calcutta-1, and their workmen represented by Cooke & Kelvey Workers' Union, 1/1 Tarak Mitra Lane, Calcutta-26, regarding the matters specified in the schedule to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Introduction of grades and scales of pay for all categories of workmen.

(2) Flat increment of Rs. 10 in basic pay for all categories of workmen.

The reference was received by this tribunal on 20th October 1959. Notices were issued upon the parties. The Union namely, Cooke & Kelvey Workers' Union representing the workmen of the Company, Messrs. Cooke & Kelvey Ltd. filed its written statement on 4th December 1959. The Company, Messrs. Cooke & Kelvey Ltd., filed its written statement on 8th February 1960. The date of hearing was fixed on 16th March 1960. On that date the hearing was taken up, witnesses were examined and documents were exhibited on behalf of the parties. The hearing continued till 18th March 1960 when the arguments were concluded and the award was reserved.

Decision

The two issues which call for adjudication under this reference are (1) Introduction of grades and scales of pay for all categories of workmen and (2) flat increment of Rs. 10 in the basic pay for all categories of workmen.

Before I take up these two issues for decision on merits I must dispose of the three preliminary legal objections taken by the Company regarding the maintainability of the present reference.

The first objection is that the dispute disclosed in the order of reference is not an industrial dispute inasmuch as the union described in the order of reference does not represent the majority of the employees of the present Company and as such is not competent to raise any industrial dispute on their behalf and that, therefore, the proceeding on the said order of reference is not maintainable.

It is not disputed that Messrs. Cooke & Kelvey Ltd., is an old and reputed firm of watchmakers and jewellers and that it has been incorporated as public limited company since February, 1947. It is also not disputed that there is only one registered union of workmen known as Cooke & Kelvey Workers' Union of which a number of employees of the present Company are members. According to the Company the said Union represents only a minority of employees of the industry concern and not a majority and that the present dispute which awaits adjudication by this tribunal is not espoused by the majority of workmen who are not members of the Cooke & Kelvey Workers' Union. So far as this preliminary objection is concerned the parties have adduced evidence. From the written statement filed by the Union it appears that the Union prays for introduction of grades and scales of pay and a flat increment of Rs. 10 in the basic pay for all categories of workmen which is set forth in the paragraph 6 of the written statement. These categories include watchmaker, jeweller, gold polisher, silver polisher and wood polisher. It is now admitted in evidence before this tribunal that of these alleged five categories of workmen there are at present in the employ of the Company only two categories of workmen namely, four silver polishers and 3 watch and gold repairers. P.W. 2 Shri Samsul Huq, one of the silver polishers of

the Company has said on oath that at present there are only four silver polishers in the company including himself, P.W. 1 Md. Soleman, Md. Amin and Dhananjoy and there are three watchmakers namely, Subodh Karmakar, Chintamoni Bhattacharji and Ranen Das. D.W. 1 Shri Jagdish Chandra Sharma, the Secretary of the Company, has said in his evidence that besides these two categories of workmen numbering 7 the Company has got in their employ no employee in the category of jewellers, the gold polisher and wood polisher. Thus it is clear that the union takes up the cause of only 7 workmen namely, 4 silver polishers and 4 watchmakers and clock maker out of the total present employees numbering 22 according to the statement Ext. C/1 exhibited by the Company. D.W. 1 has, of course, said in his evidence that the total strength of the present employees is 38; while P.W. 2 Shri Samsul Huq gives the total strength of the employees to be about 40. But from the statement of the employees submitted by the Company Ext. C/1, I must state that the present total strength of the employees under the Company is 22. Thus the present dispute relates to only 7 workmen who represent a minority of the total number of workmen employed under the present Company.

'Although the definition of industrial dispute in section 2(k) of the Industrial Disputes Act is in very wide terms, it is now well-settled that what is contemplated in the definition is a collective dispute espoused by a majority or a substantial number of workmen employed in the industry concerned. Decisions of the Hon'ble Supreme Court in the cases of Budge Budge Municipality (1953 L.L.J. Vol. I page 195), Newspapers Ltd. (1957 L.L.J. Vol. II page 1), Central Provinces Transport (1957 L.L.J. Vol. I page 27) and the decisions of the Hon'ble High Court at Calcutta in the Express Newspapers Private Ltd. (1959 L.L.J. Vol. II page 600) and Bengal Club Ltd. (1957 L.L.J. Vol. I page 505) have consistently laid down that an individual dispute namely the dispute of a single workman or a group of workmen acquires the character of a industrial dispute when the workmen as a body or a considerable section of them make common cause with the individual workman or a group of workmen. As it has been observed by His Lordship in the Express Newspapers Private Ltd. referred to above—

> When an individual case is taken up by a class of workmen then it becomes an industrial struggle and loses its limited scope. The real test appears to be as to whether the majority or a large portion of the workmen employed in the particular industry are concerned in the dispute or not.

So, in the present case the dispute which relates only to two categories of workmen numbering seven in all (4 silver polishers and 3 watchmakers) out of total number of 22 cannot be treated as an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act unless it is found that the cause of these 7 workmen has been taken up by the majority of workmen or a large portion of them employed under the present company and interested in the present dispute. In the instant case the union comes forward to support the cause of these 7 workmen for whom grades and scales of pay and flat increment of Rs. 10 in the basic pay have been demanded by the Union. It is, therefore, to be seen whether this Union of which these 7 workmen are said to be members, represents the majority of workmen. If the evidence of P.Ws. 1 and 2 is scrutinised it is found that originally this Union included 12 or 13 employees as they are members but the number has fallen to 8 or 9 on account of four of the members namely, Mishri Lall, Arjad Ali, Anil and Santo Babu having gone out of employment. According to P.W. 1, Bishri Lall and Santo Babu have since retired on superannuation and Anil and Arjad Ali have been retrenched by the Company. So, at present only 8 or 9 workmen of the Company are members of the Union namely, Cooke & Kelvey Workers' Union who comes to represent the 7 workmen concerned in the two issues under reference. Two of the present employees, D.W. 2 Brijlal Leria and D.W. 3 Ramendranath Karmakar have clearly stated that they are not members of the Union and they are not interested in the present dispute. It is further admitted that out of the 7 workmen whose cause is taken up by the Union the two watchmakers Chintamoni and Ranen Das are not members of the Union (vide P.W. 2).

Thus from the evidence discussed above it is clear that the Union which has taken up the cause of the 7 workmen referred to above does not represent the majority or substantial number of the workmen in the employment of the present Company and as such the present dispute has not passed the limited scope of an individual dispute and has not become an industrial dispute within the meaning of section 2(k) of the Industrial disputes Act. The learned Advocate on behalf of the Union has referred to the decision of the Madras High Court in the case of Buckingham & Carnatick Mills Ltd. and their staff Union reported in F.J.R. Vol. XVII, page 63 to contend that it is not necessary that a numerical majority of the total number of workmen under the employer must espouse the cause in order to make it an industrial dispute. But the facts of that case are not on all course with the facts of the present case. In that case the industrial establishment had workmen totalling over 14,000 of whom 10,000 were members of one trade union and out of 700 employees in the clerical section about 430 were members of the separate staff Union and the dispute of 47 clerical employees was espoused by that staff Union But so far as that staff Union was concerned the majority of the clerical staff were members of that staff Union. In the present case there is only one Union and that represents only a minority of the total number of workmen employed in the industry concerned and the majority of the workmen are not interested in the dispute. So, the decision in Buckingham & Carnatick case will not be of any support to the case of the present Union.

In the instant case the majority of the workmen in the employ of the Company are not interested in the dispute and they have not taken up the cause of the 7 workmen concerned. As such

the dispute which has been referred by the appropriate Government to this tribunal under the present reference is not an industrial dispute and, therefore, this tribunal has no jurisdiction to adjudicate upon such a dispute. Under section 10 of the Industrial Disputes Act a tribunal is only competent to adjudicate upon an industrial dispute referred to it for adjudication by the Appropriate Government. Hence I give effect to the first legal objection raised by the Company, namely that the dispute referred to this tribunal under the present reference is not an industrial dispute and as such this reference is not maintainable.

The next objection taken by the Company is that the present reference is not maintainable as it was not based upon any fresh charter of demands for introduction of grades and scales of pay and flat increment of Rs. 10 in the basic pay of all categories of workmen and upon any refusal by the Company to meet the same. The charter of demands mentioned in paragraph 6 of Union's written statement as Annexure A thereto dated 3rd July 1957 was an earlier charter which gave rise to a previous reference to this tribunal under Government of West Bengal, Labour Department, order No. 2492-I.R./IR/11L-242/58, dated the 16th June 1958, and that ended in an award by this tribunal published in the "Calcutta Gazette, Extraordinary", dated 4th August 1959. It is argued on behalf of the Company that when the present reference was made there was no dispute in existence or apprehended between the present Company and its workmen regarding the points of dispute now referred to this tribunal. It is admitted by the parties in their evidence that after the aforesaid award no demands were placed by the Union before the Company regarding the points covered by the present two issues. This is the evidence of D.W. 1, the Secretary of the Company. But it is admitted on behalf of the Union that there was correspondence between the Union and the Labour Commissioner over these demands before the present reference was made. Be that as it may, it is now well-settled that making a reference by the Government under section 10 of the Industrial Disputes Act is in exercise of its administrative powers and the fact that it has to form an opinion as to the factual existence of an industrial dispute as a preliminary step to the discharge of its function does not make it any the less administrative in character. A party can, of course, show that has been referred by the Appropriate Government is not an industrial dispute but the factual existence of a dispute cannot be subject to a party's challenge, and the tribunal is not competent to hold the reference as bad (vide the decisions of the Hon'ble Supreme Court in the case of Newspapers Ltd., 1957 L.L.J. Vol. II page 1 and the case of Prabhat Talkies—1953 L.L.J. Vol. I page 174). So, I must find that the Appropriate Government must have been satisfied about the existence of an industrial dispute before it made the present reference. Accordingly this preliminary objection raised by the Company is negatived.

The third and the last preliminary objection taken by the Company regarding maintainability of the present reference is that there were two previous awards, one in 1953 by the First Industrial Tribunal and the other in 1959 by the Third Industrial Tribunal regarding the grades and scales of pay of all categories of workmen of the present Company and there were adjudications on the point and that as such those two awards having not been terminated by either party by a notice under section 19(6) of the Industrial Disputes Act, are still in operation and so the reference on the same issues for adjudication before this tribunal is not valid in law and not maintainable. It is admitted that issue No. 12 of the reference which gave rise to the first award passed by Shri M. C. Banerji, Judge, First Industrial Tribunal, and published in the "Calcutta Gazette" on 14th May 1953 was "Pay and Scale of pay". In that award the learned Judge did not provide for grades and scales of pay for all categories of workmen in view of the financial instability of the Company but granted an increment of Rs. 5 in the basic wages. On appeal against that award the learned Appellate Tribunal gave its decision on 15th June 1955 rejecting the claim for grades and incremental scale but allowed an increase of a further sum of Rs. 5 in basic wages. The case of the Company is that the said award was not terminated by any notice of the Union under section 19(6) of the Industrial Disputes Act and it should be taken to be still in operation. D.W. 1 the Secretary of the Company has said in his evidence that no notice for terminating the award was given by the Union. On behalf of the Union it is urged that the subsequent charter of demands, dated 3rd July 1957, which gave rise to the second reference before the Third Industrial Tribunal should be treated as a notice to terminate the first award. Sub-section (6) of section 19 of the Industrial Disputes Act lays down that notwithstanding the expiry of the period of operation under sub-section (3) the award shall continue to be binding on the parties until a period of two months has elapsed from the date on which the notice is given by any party bound by the award to the other party or parties intimating its intention to terminate the award. In my opinion, the submission of a fresh charter of demands for introduction of grades and scales and flat increment of Rs. 10 in the basic salary of all categories of workmen on 3rd July 1957 (vide Annexure 4 to Union's written statement) must be treated as a notice by the present Union to the present Company intimating its intention to terminate the decision on issue No. 12 of the award by the First Industrial Tribunal.

So far as the second award passed by the Third Industrial Tribunal and published in the "Calcutta Gazette, Extraordinary", on 4th May 1957 is concerned, it is admitted that the two issues before that tribunal were (i) revision of grades and scales of pay for different categories of workmen and (2) Dearness allowance. The learned Tribunal granted some increase of Dearness allowance but did not effectively decide the issue No. 1 holding that as there was no grades and scales of pay in existence, the question of revision of grades and scales of pay as referred to the tribunal for adjudication did not arise. The relevant observations by the learned Tribunal are as follows:—

> In the present case the question of introduction of grades and scales of pay has not been

specified for adjudication, nor can it be treated as incidental to the matter specified for adjudication. It is rather an independent matter. As such the tribunal is not competent to go into the question.

In fact, therefore, there was no adjudication by this tribunal regarding grades and scales of pay. That being so, present reference is not barred by any principle of res judicata. Furthermore, issue No. 1 in the present reference and the issue No. 1 in the previous reference adjudicated upon by the Third Industrial Tribunal cannot be said to be substantially the same. So far as the award of 1953 by the First Industrial Tribunal is concerned, I have already stated that this award has been terminated by the Union by notice in the shape of charter of demands, dated 3rd July 1957. Still it is to be considered whether the rights and obligations arising out of the said award have ended. It has been held by the Hon'ble Supreme Court in Burn & Co., Ltd., reported in 1957 L.L.J. Vol. I page 226 that the award which ceased to exist by a notice or by efflux of time may be modified if circumstances so required. So, in the present case, when the award of 1953 has been terminated by the Union by a notice contemplated under section 19(6) of the Industrial Disputes Act the present reference regarding the issues in question cannot be held bad or not maintainable but the matter will be reviewed in the light of the directions given by the Hon'ble Supreme Court, namely, that the matter in dispute covered by the issue No. 12 of the award passed by the First Industrial Tribunal regarding pay and scale of all categories of workmen could be reagitated in the present reference on the issues framed if the union would suceed in proving change in the circumstances since when the first award was passed. Thus I dispose of the third legal objection holding that the present reference regarding the issues in question is not hit by the principle of res judicata and is maintainable within the limited scope of adjudication indicated above.

Now, I come to the merits of the case and for this purpose I shall discuss the issues under reference one by one. First I take up issue No. 1.

Issue No. 1: It relates to the introduction of grades and scales of pay for all categories of workmen. It is an admitted fact that there are no grades and scales of pay for different categories of workmen employed under Messrs. Cooke & Kelvey Ltd. In the award by the First Industrial Tribunal, the issue No. 12 was "Pay and Scale of pay". The learned tribunal did not grant any grade or scale of pay but merely allowed an increase of Rs. 5 in the basic salary of all classes of workmen. This amount was raised to Rs. 10 on appeal by the Labour Appellate Tribunal which also did not introduce any grades and scales of pay for the employees of the present Company.

Although issue No. 1 in general terms concerns all categories of workmen employed under the present Company, the Union in its demand based upon the charter of demands, dated 3rd July 1957, claims introduction of grades and scales of pay for 5 categories of workmen in the following terms (vide paragraph 6 of Union's written statement) :—

Watchmaker—Rs. 80—5—130—7—200.

Jeweller - Rs. 80—5—130—7—200.

Gold Polisher—Rs. 50—2—70—3—100.

Silver Polisher Rs. 40—2—60—3—90.

Wood Polisher—Rs. 50—2—70—3—100.

The Union thus confines its claim to these five categories of workmen so far as issue No. 1 is concerned. But it is admitted in evidence of the parties, as I have discussed in connection with the preliminary objection, that at present there are no categories of workmen known as jeweller, gold polisher and wood-polishers. (vide evidence of D.W. 1 the Secretary of the Company and P.W. 2 Shri Samsul Huq one of the silver polishers employed under the Company). It is further admitted that in the category of silver polishers there are at present only four employees, namely, P.W. 1 Md. Soleman, P.W. 2 Shri Samsul Huq, Md. Amin and Shri Dhananjoy and that in the categories of gold polisher and watchmaker there are only 3 employees, namely, Subodh Karmakar, Ranen Das and Chintamoni Bhattacharji. The evidence further discloses that the clerical staff, bearers and durwans are not interested in the present dispute. So, the introduction of grades and scales of pay as demanded by the Union practically would concern only 7 workmen employed in the two categories, namely, watchmakers (3 in number), and silver polishers (4 in number). From the statement Ext. C/1 filed by the Company, which is also admitted by the Union it is found that the minimum basic salary of the watchmakers is Rs. 60 per month and dearness allowance is Rs. 40 per month. The minimum basic salary of silver polishers is Rs. 44 per month and dearness allowance Rs. 31 per month. It is also admitted that the present rate of basic salary and dearness allowance for these two categories of workmen is the result of the two previous awards, namely, the award of 1953 by the First Industrial Tribunal as modified by the Labour Appellate Tribunal and the award of 1959 by the Third Industrial Tribunal, the latter tribunal having granted an increase in dearness allowance. The grievances of the Union are that the financial condition of the Company has materially changed and improved since the award of First Industrial Tribunal and the Company is quite capable of meeting the very reasonable and moderate demands of the workmen for introduction of grades and scales of pay as per paragraph 6 of its written statement and that this demand is justified on account of the abnormal and steep rise of prices and extremely high cost of present living index. So far as the present total emoluments of the watchmakers and the silver polishers as per Ext. C/1 are concerned, I must say that these are not less than what had been declared by the Second Engineering Tribunal in 1950. But these are certainly less than that of the Third Engineering Tribunal in which the dearness allowance was allowed at the rate of Rs. 36 for basic salary up to Rs. 50 per month and dearness allowance of Rs. 47 was allowed for basic salary from Rs. 51 to Rs. 100 per month. This position was certainly taken into consideration in the previous award by

the learned Third Industrial Tribunal in 1959 when it fixed the dearness allowance at the rate of Rs. 31 per month for those workmen drawing salary below Rs. 50 and at the rate of Rs. 40 for those drawing salary from Rs. 50 and above. The learned tribunal was convinced that in view of the then financial position of the Company even a reasonable increase in dearness allowance would be a serious burden on it.

The contention of the Company is that the Company had been incurring losses year after year and has not yet reached a profit earning stage and that as such it is not possible for the Company for framing of any incremental scale of pay in view of its financial incapacity as the grades and scales of pay are meant to be long term scheme and in the absence of financial stability the burden cannot be borne by the Company (vide paragraphs 5 and 10 of its written statement).

It is now well-settled law that the financial capacity of the Company should not be considered in fixing the minimum salary of the employees and that a Company which cannot pay to its employees the mere subsistence wages as their minimum wage has no right to exist. But if minimum wages do not fall below the minimum wages fixed by the major awards of the Industrial Tribunal, Company's financial position should certainly be taken into consideration in fixing grades and incremental scales of pay for the employers so that the burden cast upon the Company is not found too heavy to bear. There would be no meaning in introducing grades and scales of pay for employees if the Company is utterly incapable of bearing that financial obligation and if the Company as a result of such forced imposition of liability has no other alternative but to go out of existence. So, in the present case as I have already found total emoluments of silver polishers and the watchmakers for whom the Union wants introduction of grades and scales of pay are not below the total emoluments fixed by the Second and even the Third Engineering Tribunals. So far as the 7 workmen in these two categories are concerned, their minimum total emoluments range between 75 and 120. Therefore, in order to fix the grades and scales for these categories of workmen according to the demands of the Union, the financial capacity of the Company must be looked into. The grades and scales of pay are meant to be long terms and in absence of financial stability and ability of the Company such burden cannot be imposed upon it. In the present case the Company pleads losses since 1953 when the First Industrial Tribunal's award was made, and its specific case is that since 1953 or since 1958 the financial capacity of the Company has deteriorated on account of restrictions of imports, non-availability of raw materials and keen competition in the market. It also pleads that no dividend has been paid even to the ordinary shareholders since 1950-51 and to the preferencial shareholders since 1957-58 though obligatory and that the employer has incurred a loss of Rs. 94,562 which was due to be refunded by the Government to the Company on account of excess profit tax deposit. In support of this contention of the Company, the Company has referred to the award of the First Industrial Tribunal of 1953 as modified by the Labour Appellate Tribunal and of the Fourth Industrial Tribunal published in the "Calcutta Gazette", on 5th September 1957, rejecting the demand for bonus by the employees of the Company for 1954-55 on the ground of non-existence of available surplus profit. From these two awards it is found that the financial position of the Company was not stable between 1953 and 1955. In the First tribunal's award the relevant observation is:—

> I do not consider that any further increase of emoluments should be saddled upon the Company in view of the fact that it has not yet stabilised itself financially.

From the statement Exts. C/2 to C/6 filed by the Company it shows the rise in the price of gold and silver, fall in the annual imports, and net profits. Inability to declare dividend to ordinary shareholders in the years between 1953-54 to 1958-59 barring the year 1956-57. The balance-sheets Exts. D to D/5 show that the financial position of the Company has been deteriorating since 1953. The Director's Report in the balance-sheet of 1957 runs as follows:—

> As a considerable part of our trade is depending on imported items which have been absolutely banned since the beginning of the last financial year, there is no doubt that the Company's sales will considerably suffer.

But it was hoped that this loss might be partly compensated by development of manufacturing department. In the balance-sheet of 1958 (Ext. D/4) there is indication in the Director's Report that there was increase in sales during the year of manufactured goods. In the balance-sheet for the year 1959 (Ext. D/5) the business activity is described in the Director's Report in the following terms:—

> On a reference to the balance-sheet it will be obvious that the Company's state of affairs have further deteriorated in the year under review. This fall in business is wholly due to the total ban on imports of luxury goods and watches, particularly the latter which has been our main trading line. Your Directors are hopeful that better results will be achieved next year regularly and better trade in manufactured articles.

Although in the balance-sheet some profits have been shown the actual liabilities of the Company have not been properly assessed in the same. The position is explained by the Company's Secretary, D.W. 1, when he says:—

> In trading we have some profits no doubt but the balance-sheet does not show any surplus for declaring dividends to its shareholders. Even the preferential shareholders have been denied the dividends in the years 1957-58 and 1958-59. That means the Company has got a contingent liability of Rs. 45,000 still to be paid to its preferential shareholders not to speak of the ordinary shareholders

who have not received anything from 1950 up to date.

It further transpires from evidence of this witness that the Company has not yet got excess profit deposit refund amounting to Rs. 94,562. There is also a liability for paying to the preferential shareholders amounting to Rs. 45,000 and that would leave a debit balance of the figure of Rs. 86,000 and odd. This is also apparent from the Directors' Report in the balance-sheet for the year 1959 (Ext. D/5).

In view of the evidence both oral and documentary discussed above, I find that the Company's financial position has rather deteriorated than improved since 1953 and as such introduction of grades and scales for the two categories of workmen, namely, silver polishers, and watchmakers out of all categories of workmen as shown in the chart Ext. C/1 would even cause a financial obligation on the Company which it will not be possible for the Company to meet. In these circumstances, I do not consider that fixation of grades and scales of pay for these two categories of workmen should be made at the present moment in view of the financial instability of the Company. So, the issue No. 1 is answered in the negative and no grades and scales of pay for the categories of workmen concerned are fixed in this award.

I, however, appreciate the submission on behalf of the Company that there should be grades and scales of pay for all categories of workmen employed under this Company. But in view of the present financial position of the Company I am unable to frame such a long term scheme as that could not be effective for all practical purposes. However, the workmen will certainly be at liberty to reagitate this question for introduction of scales of pay for different categories of workmen employed under the Company, if and when, the Company's financial position will improve and the Company would be able to stabilise itself financially. Issue No. 1 is disposed of accordingly.

Issue No. 2.—This issue relates to flat increment of Rs. 10 in the basic wage for all categories of workmen. It is argued on behalf of the Company that such a claim is not legally tenable in the absence of existence of any grades and scales for workmen or unless such grades and scales are fixed by the tribunal before whom this issue awaits adjudication. A reference has been made in this connection to the decisions of the learned Appellate Tribunal reported in 1954 L.L.J. Vol. I, page 766 (The case of Union Drug Co., Ltd., Calcutta) and 1954 L.L.J. Vol. II page 719 (The case of Cawnpore Cotton Mills Branch Ltd.). In both these cases it has been held that no ad hoc increment should be given when there are no fixed grades and incremental scales in existence. It has further been held that grant of an ad hoc increment annually or otherwise, is not permissible in the absence of a fixed grade already in existence. So far as the present case is concerned it is an admitted fact that no grades or scales of pay are in existence and that no such grade or scales of pay could have been fixed by this Tribunal. So in the absence of any fixed grade or scales of pay already in existence ad hoc increment of Rs. 10 in the basic pay of all categories of workmen as demanded by the Union cannot be allowed in law. So, issue No. 2 is decided against the Union accordingly.

The result, therefore, is that the workmen represented by Cooke & Kelvey Workers' Union are not entitled to any relief on the two issues under reference, firstly on the preliminary point of law that the dispute raised by the Union is not an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act and secondly, on merits the claim of the Union on issue No. 1 cannot be given effect to on account of the existing financial instability of the Company and the claim of the Union on issue No. 2 is not sustainable in law in view of the decisions just referred to.

This is my award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri G. KUMAR, District Judge.

AWARD

By Government order No. 2968-I.R.-IR/11L-293/58, dated the 17th July 1958, an industrial dispute between Messrs. W. R. Hildreth & Co. (hereinafter referred to as the Company), and their workmen represented by Motor Transport Workers' Union (hereinafter referred to as the Union) was referred to this Tribunal for adjudication.

The following issues were framed by Government:—

(1) Pay and Dearness Allowance.

(2) Leave and holidays.

(3) Duty Hours.

It was contended by the Company that its concern had been closed and so there was no scope for decision of the aforesaid issues.

In fact, a dispute regarding the closure was pending for adjudication in the local Second Labour Court and so by order No. 7, dated 30th March 1959, the instant proceeding was adjourned sine die. In the meantime, the Second Labour Court has adjudicated regarding the question of closure and in view thereof the Union has filed a petition on 8th April 1960 alleging that the issues framed in the instant case need not be adjudicated.

As a result, it is awarded that there is no dispute between the parties as envisaged by the aforesaid Government order of reference.

This is the award of the Tribunal.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Bowreah Cotton Mills Ltd., Bowreah, Howrah, and their workmen represented by Bowreah Cotton Mills Workers' Union, Bowreah, Howrah.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri R. Goswami, Assistant Legal Adviser, Bengal Chamber of Commerce and Industries.

Present for the Union: Shri Patit Paban Pathak, an officer of the Union.

By Government order No. 3424-I.R./IR/8L-34/59, dated 27th July 1959, the above industrial dispute was referred under section 10 of the Industrial Disputes Act to this Tribunal for adjudication of only one issue which is in these terms: "Whether the retrenchment of the workmen mentioned in the attached list is justified? To what relief, if any, are they entitled?" The case was heard in this Tribunal on 28th March 1960 and 30th March 1960. The Union did not examine any witness or file any document, but the Company examined two witnesses and filed certain documents which were marked as exhibits.

The facts leading up to the dispute are these: The Company runs some cotton mills at Bowreah and at present employs 3,327 workmen the number of looms in the mills being 840. Up to August 1956 the mills worked in two shifts—A and B. With effect from 11th August 1956 the Company started a third shift, viz., C shift, in the weaving section and recruited some additional workmen for it. The shift was introduced in stages and by the end of 1956 the entire strength of the shift was completed. The total number of workmen engaged in the C shift was 450 of whom 52 were permanent workmen transferred from other shifts and the rest newly recruited. Subsequently the strength of the workmen in this shift was gradually reduced and finally in May 1959 the Company decided to close the new shift entirely. At that time about 250 workmen had been working in this shift. A notice was issued to the workmen on 16th May 1959 and in pursuance of it the shift was closed with effect from 22nd June 1959. In consequence of this closure about 225 workmen were retrenched and thrown out of employment and out of these the cases of 223 workmen have been referred to the Tribunal. Their names will be found in the list attached to the order of reference.

The Union's case is that there were no valid grounds for closure of the shift and that the workmen mentioned in the list were retrenched without any justification and with some ulterior motive. It is also stated that the retrenchment was not effected in accordance with the provisions of section 25G of the Industrial Disputes Act, though it is admitted that the Company paid retrenchment compensation. The Union accordingly prays that the Company should be directed to reinstate all these 223 workmen. The Company's case is that the closure of the shift was fully justified as the shift which was introduced as a temporary measure was found uneconomic due to unfavourable market conditions. The Company denies that it had any ulterior motive in closing the shift and states that the retrenched workmen mentioned in the list were all temporary and that they were offered option to register themselves as badlis which some of them did. The Company also pleads that the retrenchment was effected with due regard to the relevant provisions of the Industrial Disputes Act.

The Union did not lead any evidence on the footing that the onus is on the Company to establish that the retrenchment of these 223 workmen was justified. The Company has not disputed that legal position and has led evidence to prove that the retrenchment was effected on valid and justifiable grounds. It has produced the notices issued from time to time in connection with the new shift and has examined its Labour Welfare Officer who has given a full history of the introduction and closure of this shift. The notice, Ext. A, shows that this new shift was introduced in the weaving department as a temporary measure. The Labour Welfare Officer has given evidence that this shift was started in several phases and that in the initial phases some permanent workmen were taken from other shifts and some new workmen were recruited on temporary basis. These new workmen also included badlis. The entire strength of the shift was completed in December 1956, the total number of workmen being 450 out of whom 52 were permanent workmen. The Company had two sheds in the mills—old and new—and the third shift was introduced in all the looms of the two sheds. In March 1958 it was found that the shift had become uneconomic in the then unfavourable market conditions and this was stated in a notice issued on the 22nd March 1958 by which the working of all the looms in the new shed of the mills was discontinued (Ext. B). According to the evidence of the Labour Welfare Officer, this affected about 160 workmen who agreed to be taken in as badlis and were so absorbed. On the 9th March 1959 another notice was issued (Ext. C) stating that due to continued unfavourable market conditions and accumulation of stock the working of all the 528 looms in the old shed in C shift had become uneconomic and that the Company had accordingly decided to stop the third shift in the looms of the

old shed altogether and continue the shift only in 313 looms of the new shed. The strength of workmen in C shift was reduced by 100 by this measure and, according to the Labour Welfare Officer, all these persons were absorbed as badlis. It does not appear that up to this time there was any objection to or challenge of the action taken by the Company on the part of the workmen.

We next come to the notice of the 16th May 1959 by which the Company finally decided to close the shift altogether with effect from 22nd June 1959 and thereby retrench the workmen with whom we are concerned in this case. The reason given for the step is that "due to continued unfavourable market condition it is no longer possible to work even the small section of weaving C shift economically". It is stated in the notice that of the workmen the seniormost weavers would be transferred to either A or B shift to replace the juniormost weavers there and that the juniormost surplus weavers, as far as possible, would be employed in other alternative jobs. This notice was given, as stated therein, as one month's notice as required under section 25F of the Industrial Disputes Act and in compliance with the Standing Orders. According to the evidence of the Labour Welfare Officer, the permanent workmen were transferred to the other shifts and the rest numbering 225 were offered to be retained as badlis. Thirty-two of them agreed to be so retained and the remaining 189 who refused were retrenched. A list of these 32 workmen has been filed by the Company (Ext. J). The notice also offered retrenchment compensation, according to the provisions of the Industrial Disputes Act, to those workmen who would not be provided with alternative employment or would not accept the jobs offered.

It is clear from the notices and the evidence of the Labour Welfare Officer that this new shift was started as a temporary measure in order to raise production and the Company's case is that this object did not succeed because of unfavourable market conditions. The Company has produced a statement (Ext. F) of its monthly stock position from January 1958 to May 1959 in order to show that there had been a huge accumulation of stock during the year 1958 which increased still further in the first part of 1959. The number of bales in the stock varied from 2,420 to 3,973 monthly during 1958 and during January to March 1959 the stock went up to more than 4,000 bales per month. Another statement (Ext. G) has been filed showing that the prices of dhutis, sarees and other mill products had fallen in 1959 as compared to the prices in 1958. The clerk who prepared these statements from the Stock Position Book and the Sales Book has been examined. The Union has challenged the figures in these statements because the original books were not produced. That is not, however, sufficient ground to hold the figures to be incorrect or to reject the evidence of the clerk who prepared the statements after consulting the original books. The unfavourable market conditions and the accumulation of stock were also referred to in the previous notices and, as I have already pointed out, the Union did not object to the previous partial closures of the shift from time to time on those grounds. The Company has also produced copies of the proceedings of the Works Committee to show that on each occasion of partial closure the Company brought the matter before the Works Committee. There is no reason therefore to disbelieve the figures mentioned in these statements. A complaint was made on behalf of the Union that the Company had not produced the figures of yard lengths contained in the bales as they were not uniform, but though such detailed evidence may not have been given the fact that every month there was a great accumulation of stock which the Company could not clear has sufficiently been established. Accumulation of stock like this meant locking up of capital and the consequent necessity to sell at reduced prices meant, or was likely to cause, loss to the Company. In these circumstances the Company was fully justified in coming to the conclusion that the maintenance of the third shift was wholly uneconomic and in closing it on that ground.

It is the prima facie right of the employer to choose his labour strength and determine what labour strength would be economic in order to run his business. This shift which was closed was not a permanent feature of the industry. It had been introduced temporarily merely as an experimental measure in order to raise production in expectation of favourable market conditions. That it was temporary was made clear in the notice, Ext. A, and the new workmen who were recruited for this shift were engaged on a temporary basis. The application form, Ext. H, shows that the new workmen accepted employment with the full knowledge that it was a temporary shift. When, however, the Company found that the market conditions were unfavourable and stocks were accumulating, it could not be expected to continue the shift at a loss. The Company did not, however, close the shift precipitately as soon as the market conditions turned unfavourable. It tried to maintain portions of the shift in 1958 and in the beginning of 1959 in the hope of conditions improving. The retrenchment was therefore carried out in three phases and ultimately when there was no improvement the Company was forced to close down the entire shift. There can be no doubt therefore that the closing of the shift with the consequent retrenchment of the newly recruited workmen was fully justified and bona fide. It is not the case of the Union that this retrenchment was motivated by any desire to victimise the workmen. Nor is there any suggestion of unfair labour practice in its written statement. There is only a vague suggestion there that the Company was actuated by some ulterior motive but it has not been explained what that motive might have been. No evidence has been led by the Union and no attempt has been made to substantiate the suggestion. I can, therefore, take no notice of it. No question of any improper motive can arise in this case because the Company had all along offered to take in the retrenched workmen of this shift as badlis and they had all accepted such offer including 32 men among the 225 who were last retrenched. In effecting the retrenchment of these 225 men the Company paid due regard to the provisions of section 25F and section 25G of the Industrial Disputes Act. One month's notice was given and the retrenched workmen also received proper compensation as is admitted in the written statement. There is an allegation in the Union's written statement that the principle of "last come, first go" was not followed, but no attempt was made to substantiate

the allegation and no such suggestion was made to the Labour Welfare Officer of the Company. It was finally, however, argued that the Company had not given proof of the service of notice in the prescribed manner under section 25F, clause (c) of the Industrial Disputes Act. The Labour Welfare Officer has, however, given evidence that such notice was given in form P of the rules framed under the Industrial Disputes Act to the Labour Commissioner. No such objection was taken in the written statement and I find no reason why the Labour Welfare Officer's evidence on the point should not be accepted. I award accordingly that the retrenchment was fully justified and the workmen concerned are not entitled to any relief.

AWARD

Decision

Besides the point referred to this Court for determination, another point relating to defect of parties arises for decision as contended by the learned Advocate for the Company that this reference is incompetent, because in the original order of reference the parties were Messrs. Reform Food Products (Private) Ltd., 109/1 Foreshore Road, Sibpore, Howrah and their workmen represented by West Bengal Flour Mills Mazdoor Congress, and Government subsequently at the instance of

the Union replaced Messrs. Reform Food Products (Private) Ltd. by Messrs. Reform Flour Mills (Private) Ltd., 18 Netaji Subhas Road, Calcutta, by their order No. 189-I.R./IR/11L-41/58, dated 17th January 1959, and ultimately by another order No. 2252I.R., dated 25th May 1959 Messrs. Reform Food Products (Private) Ltd. was also added as a party to the reference. So, the instant position is that both Messrs. Reform Flour Mills (Private) Ltd. and Reform Food Products (Private) Ltd. figure as parties to this reference. It is contended for the Company that this order of reference is defective because Reform Food Products (Private) Ltd. which took lease from Reform Flour Mills (Private) Ltd. with effect from 20th August 1959 as evidenced by the agreement, dated 3rd September 1954 (Ext. O), is only concerned in this dispute and not Reform Flour Mills (Private) Ltd. The Union thereafter produced a certified copy of notice, dated 15th January 1958, showing that Reform Flour Mills (Private) Ltd. again took over the milling business from 15th December 1958 from their lessees Reform Food Products (Private) Ltd. So, all workers and members of the staff who were in the employment of their lessee on 15th December 1958 were taken over without any break in the continuity of their services. But as the six workmen concerned were dismissed by the Company by its order, dated 28th December 1957, it may have to be decided whether these workmen were also taken over by the Reform Flour Mills, and if they are found entitled to any relief, and if so, whether they would get it from the Reform Food Products or Reform Flour Mills. In the circumstances, both Reform Flour Mills and Reform Food Products are deemed to be proper and necessary parties for effectual determination of the issues involved, otherwise reliefs granted may be ineffective. The contention as to defect of parties is, therefore, rejected, and the case should be decided in presence of both the Companies.

Then again, it is contended that Government are not competent to amend, alter or modify the order of reference in the way it did in this case. I think, this contention is not sound as it was only an administrative act on the part of Government and Government was competent to do so. I, therefore, hold that the corrigendum and addendum issued by Government are quite within the competence of Government, and as such the reference is found to be competent, and the Court is entitled to adjudicate upon it. I do not find any substance in the contention of the Company that the reference, as it stands, is incompetent. If any authority be needed, reference may be made to the Hon'ble Supreme Court case of State of Bihar and Ganguli (D.N.) and others reported in 1958 L.L.J., Vol. II, pages 634-644, wherein it is laid down, inter alia, as follows:—

> It has been held in A.I.R. 1953 S.C. that in making a reference under section 10(1) of the Act the appropriate Government is doing an administrative act and the fact that it has to form an opinion as to the factual existence of an industrial dispute as a preliminary step to the discharge of its functions does not make it any the less administrative in character.

The appropriate Government can act in respect of a reference pending adjudication before a Tribunal only under section 10(5) of the Act which authorises it to add other parties to the pending dispute subject to the conditions mentioned in the said provision. It would, therefore, be reasonable to hold that except for cases following under section 10(5) the appropriate Government stands outside the reference proceedings, which are under the control and jurisdiction of the Tribunal itself.

Next, I come to point No. 1. This issue relates to pay for the period of strike and lock-out from 16th November 1957 to 16th January 1958. There is no dispute that that the strike commenced on 16th November 1957 and the lock-out on 22nd November 1957, and both strike and lock-out were called off on 16th January 1958 and the Mill commenced running from 17th January 1958. In order to decide whether the employees are entitled to pay for this period of 2 months, the Court is called upon to determine whether the strike was legal and/or justified and whether the lock-out was illegal and/or unjustified. It is contended for the Union that the strike is fully justified, and as such the employees are entitled to pay for this period. To the contrary, the learned Advocate for the Company argues with reference to evidence, both oral and documentary, that the strike is fully unjustified and the lock-out is justified, and as such the employees are entitled to no pay for this period, admittedly when there was no production in the Mill and the Company sustained substantial pecuniary loss on this score. Now let us analyse the circumstances leading to the strike and the lock-out. It appears that the strike, whichever party is in the right or in the wrong, I must say took place under very unfortunate circumsances. The facts are more or less admitted. The strike arose in this way—on 15th November 1957 one Rangalal Banerjee with an application for leave, dated 15th November 1957 (copy Ext. J), approached Mr. Bell, Mill Manager, for leave for 2 days, i.e., for 16th November 1957 and 18th November 1957 for medical treatment of his eyes. The application reads as follows:—

> I beg to bring to your kind notice that I have urgent work for testing eyes. I request you to grant me leave for 2 days only, 16th and 18th at my above work for which act of your kindness I shall ever pray.

Mr. Bell asked Shri Banerjee for some evidence apparently in the shape of a certificate from a doctor. Shri Banerjee in spite of being asked by Mr. Bell, could not produce the medical certificate in course of 15th November 1957 and on the morning of 16th November 1957 at about 7-30 a.m. he went to the Mill Manager and asked him for leave on the strength of the certificate (Ext. K) which reads as follows:—

"The Medical Officer: Eye Department, Medical College Hospital, Calcutta.

Dear Sir,

Will you please examine Shri Rangalal Banerjee, who is suffering from defects of vision? If at

all he requires atropine test please see that complete test is done by one week.

Yours faithfully,
B. B. Bose,
Regd. No. 13809."

Mr. Bell at that time asked him to wait till 10 a.m. when the Secretary Mr. S. R. Gupta would be coming to office under whom he (Shri Banerjee) was then working in the Head Office. So saying, Mr. Bell left for his work and then met Utsab and Daitari, and then left for East India Co. office in his cycle and asked them to wait when they wanted to speak to him, and on his return he found many people in the middle of the factory compound and that the work had already been stopped. On the other hand, the Union contends that Mr. Bell refused to discuss the matter with Utsab and Daitari, so they felt insulted, and as Rangalal Banerjee was ordered to get out of the factory premises without any leave being granted to him by Mr. Bell, there was widespread discontent, and the strike was the result thereof, and as such it was fully justified.

Now the question is whether this strike is justified or unjustified. In deciding this matter let us refer to the Union's first letter, dated 16th November (Ext. 2-C), addressed to the Mill Manager, which is the earliest document on this subject. This letter states in substance that the staff are greatly excited for Mr. Bell's rough attitude as he (1) ill-behaved and abused and ordered Shri Rangalal Banerjee to get out of the mill premises in reply to his request for 2 days' leave for his eye examination, (2) asked the two Joint Secretaries to the Union not to interfere with the case of the clerical staff, and on their stating that they had every right to speak for Rangalal Babu who was a member of the Union, Mr. Bell insisted on their leaving the place and this rough attitude of Mr. Bell accordingly excited the staff of the Mill and the Head Office, and the Joint Secretaries to the Union demanded an enquiry to be held within an hour, failing which they had no alternative but to stop work in protest. Side by side with Ext. 2-C let us refer to Ext. M, dated 16th November 1957, addressed by Mr. Bell to the Assistant Labour Commissioner, Howrah, which states that a large number of employees including workers and clerks have struck work with effect from 16th November 1957 (9-50 a.m.). The strikers did not give any notice of strike, nor did they give any reason for the same. Shri Rangalal Banerjee deposed that he was employed in the Wheat Lifting Department of the Mill, but as the work of lifting wheat decreased considerably Mr. Bell asked him to prepare a statement of the Head Office which was required to be submitted to the West Bengal Government. Shri Rangalal Banerjee did a part of this special work on 14th November 1957 after his transfer to Head Office on 14th November 1957, and Mr. Bell naturally had good reasons to think that Shri Banerjee in order to shirk this important duty wanted leave on the pretext of his eye troubles. If Shri Banerjee after completing the task imposed on him had applied for leave, there would have been no such suspicion on the part of Mr. Bell. Notwithstanding the fact that the task was left unfinished, still if Shri Banerjee would have produced the medical certificate, dated 14th November 1957 (Ext. K) when he approached Mr. Bell for leave on 15th November 1957, there would have been an end of the matter. Presumably, on seeing this medical certificate Mr. Bell would have had no objection to grant his leave if he (Mr. Bell) so thought fit. Shri Banerjee's immediate boss on 15th November 1957 was Mr. S. R. Gupta technically, and so Mr. Bell cannot be said to have done anything wrong in asking Shri Banerjee to wait till Mr. S. R. Gupta came to office at 10 a.m. I may also observe that since the medical certificate (Ext. K) was dated 14th November 1957, Shri Banerjee had no difficulty in producing the same before Mr Bell when he approached him for leave on the 15th (15th November 1957). Even supposing that Shri Banerjee left this medical certificate through mistake at home, there was nothing to prevent him from bringing this certificate from his residence which was only 15 minutes' walk from the office when Mr. Bell asked him to go home and produce the medical certificate on the selfsame day. Shri Banerjee did nothing of the kind. Neither did he complete the task imposed upon him, nor did he produce the medical certificate on 15th November 1957 when he applied for leave. This leads me to hold that this medical certificate was neither obtained by him from the doctor on 14th November 1957, nor was it at his residence. The medical certificate did not indicate that there was any urgency about his leave. It seems that the leave was more necessary for shirking the special work than for his eye-treatment. I am, therefore, unable to hold that Mr. Bell was in the wrong by calling for the medical certificate and by asking him to wait till Mr. Gupta his boss, came to office on 15th November 1957. So far, the conduct of Mr. Bell cannot be blamed. As regards Union's allegation that Mr. Bell drove Shri Banerjee out of the factory premises and also insulted Daitari and Utsab, my finding is, having due regard to the evidence on record, that there is no truth in the allegation that Mr. Bell insulted Shri Rangalal Banerjee. What seems to be the fact is that Mr. Bell's asking for medical certificate offended Shri Banerjee, perhaps because in such cases of short leave previously medical certificate was not asked for. In this case Mr. Bell had particular reason for asking for it as the conduct of Shri Banerjee gave him an idea that he was shirking the special duty. It may be that Mr. Bell refused to discuss the matter with Daitari and Utsab as they did not appertain to the clerical staff, whereas Shri Banerjee was a clerk. The main cause of this strike is the non-production of the medical certificate by Shri Banerjee on 15th November 1957 and also non-completion of an important task imposed upon him and oversensitiveness on the part of Daitari and Utsab on the issue of self-respect. If Mr. Bell would have granted him leave without insisting on the production of medical certificate, there would have been no trouble, but this Mr. Bell could not do, because he was the Administrative Head and he had suspicion that Shri Banerjee was avoiding an important work which might embarrass the Mill. Likewise, if the employees of the Mill would have had the good sense to wait till Mr. Gupta's arrival on the spot at 10 a.m. on 15th November 1957,

there would have been no strike. The action of the employees in resorting to this strike in such a hasty manner is found unjustified. I, therefore, find that the strike is unjustified. After this, both parties have addressed series of letters and the burden of Union's letters is that the strike is justified and they are always ready and willing to resume work if Mr. Bell expressed regret for his conduct in insulting Shri Banerjee (vide Exts. 2-D, dated 18th November 1957, 2-E, dated 18th November 1957, 2-F, dated 19th November 1957 and 2-G, dated 22nd November 1957). On 16th November 1957 the workmen staged a stay-in-strike, and charge-sheets (Exts. H—H-4), dated 17th November 1957, were issued to five workmen, viz., Rangalal Banerjee, Dhirendra Kumar Majumdar, Utsab Mahanti, Daitari Mahanti and Lakshman Ganguly. The Union demanded withdrawal of charge-sheets and enquiry into the affair. The Company, on the other hand, gave several notices, dated 16th November 1957 (Exts. L and L-1), directing the workmen to resume work and proceed constitutionally at the earliest stage, otherwise they would be compelled to recruit new hands. The Company again issued notices (Exts. L-2 and L-3), dated 18th November 1957, complaining of sit-down strike on 18th November 1957 and asked them to resume work immediately. Notices (Exts. L-4 and L-5), dated 19th November 1957, were issued asking the strikers excepting the 5 charge-sheeted persons to call off the strike. Again notice (Ext. L-6) was issued on 21st November 1957 notifying Company's decision to declare a lock-out on 22nd November 1957 and at the same time declaring that if a sufficient number of workmen resume work the Company will lift the lock-out and reopen the factory. This was followed by notice (Ext. L-7), dated 2nd January 1958, declaring Company's decision to reopen the Mill with effect from 3rd January 1958, and if workmen do not return new hands will be recruited. In the meantime, the Company held an enquiry into the charges levelled against the aforesaid charge-sheeted persons, and let them off with a warning, but the suspension order on Lakshman Ganguly, Dhiren Majumdar and Rangalal Banerjee was maintained intact, though suspension orders on Utshab and Daitari were withdrawn.

On due consideration of all these letters I come to the conclusion that as the strike was not called off earlier than 16th January 1958, no question of withdrawing the lock-out at any earlier time by the Company arises, as the strike continued. I am unable to hold that in the aforesaid circumstances, the Company exhibited any unreasonable frame of mind in not lifting the lock-out earlier. If the workmen called off the strike and resumed work earlier and the Company would not have lifted the lock-out then the Company's action could be criticised. The Company was compelled by circumstances to continue the lock-out as the stay-in-strike continued. I, therefore, find that because of the continuance of the unjustified strike during the two months from 16th November 1957 to 16th January 1958 the lock-out was justified. In this connection, I would also observe that the workmen staged a stay-in-strike which is wholly illegal, as it is tantamount to trespass within the purview of the Indian Penal Code, and so no question of pay arises during the period of illegal stay-in-strike. In support of this finding, I may quote the following principles laid down in the case of Textile Mills Ltd. and their workmen and Industrial Tribunal reported in 1958 L.L.J., Vol. II, page 628:—

> Even without violence a stay-in or sit-down strike is an invasion of the rights of the employer and there could be no justification for such a strike. By staging a stay-in-strike the workers commit wrong and put themselves out of court even though they might not have actively committed acts of violence or sabotage. By remaining on the property, they practically deprive the employer of his property and also practically stop him from carrying on business with the help of others. There is at the very least an element of trespass upon the property of the employer in the case of a sit-down or stay-in-strike and such a strike must, therefore, be held to be unjustified, whatever may be the justification of an ordinary strike in similar circumstances. Hence, the workers participating in such a strike could not claim any wages for the strike period on the ground that the strike was for justified reasons.

Thus I find that even if the Court held in this case that the strike was for justifiable reasons, still the workmen forfeited their right to pay during this period of strike, as they stayed in and thus committed a criminal offence. Thus the staff of the Mills are not entitled to any pay for the period of strike from 16th November 1957 to 16th January 1958.

Next, I come to issue No. 2, viz., whether the discharge of Shri Rangalal Banerjee, Shri Balai Chandra Das, Shri Jatindra Nath Chakrabarty, Shri Dhirendra Kumar Majumdar, Shri Lakshman Chandra Ganguly and Shri Manindra Mohan Mukherjee is justified or not. In this connection, it may be stated that there were two sets of charge-sheets—first set Exts. H to H-4 against Daitari and Utsab, Dhirendra Kumar Majumdar, Rangalal Banerjee and Lakshman Ganguly who were charge-sheeted on 17th November 1957 and they replied as per Exts. i to i(3), dated 18th November 1957. In their replies they denied the charges, and the enquiry was first fixed for 28th November 1957, but as Mr. Barman could not attend the same because of his daughter's illness, which called him to Deoghar, the enquiry was first adjourned to 9th December 1957 and then again to 11th December 1957. It is undisputed that the workmen did not participate at the enquiry as the venue of the enquiry was not shifted which the Union wanted and the Company turned down. As a result of this enquiry, vide proceedings (Ext. Q), the Company took a lenient view and warned them all. All 5 charge-sheeted persons were let off with a warning, but there was discrimination in respect of the

withdrawal of the order of suspension. Rangalal Banerjee, Lakshman Ganguly and Dhiren Majumdar continued to be under suspension, but Daitari and Utsab were released from suspension. This discrimination is seriously criticised on behalf of the Union, and there is considerable force in it. As the dismissal of the 6 workmen concerned is the outcome of the second set of charge-sheets, it will be no use discussing the first set of charge-sheets and the enquiry relating thereto. So, I take up the second set of charge-sheets, dated 14th December 1957, Exts. H-5 (Rangalal), H-6 (Balai Das), H-7 (Jatin Chakrabarty), H-8 (Dhiren Majumdar), H-9 (Lakshman Ganguly) and H-10 (Manindra Mukherjee). Rangalal, Dhiren and Lakshman are a common factor to both the charge-sheets. Exhibit H-5 is quoted as follows:—

"Shri Rangalal Banerjee, 3 Raja Kapali Lane, Ramkristopore, Howrah.

109/1 Foreshore Rd., Shibpur, Howrah, 4th December 1957 (Registered A/D).

Dear Sir,

It has been reported to us that on the 29th November 1957 while our wheat products were being delivered to different customers under the permit of the West Bengal Government, you along with others, stopped some of the lorries carrying 'L' flour for Messrs. A. Firpose Limited and told the Wheat Inspector of the Government of West Bengal that you would not allow the said delivery as the said goods were intended for black-marketeering. You along with others also spread false rumours affecting the reputation of this Company. This conduct on your part was highly subversive of discipline and detrimental to the maintenance of relationship as master and servant.

You are, therefore, hereby further charged for offence aforesaid in addition to the charges already mentioned in the charge-sheet, dated 17th November 1957 and are hereby directed to show cause within 48 hours from the date hereof why you should not be dismissed from the service.

The suspension order already passed upon you shall continue till the final disposal of this case.

Yours faithfully,
For and on behalf of
Reform Food Products Private Ltd.
S. R. Gupta,
Secretary."

Exhibit H-6 runs as follows:—

"Shri Bolai Chandra Dass, 7 Lokenath Chatterjee Lane, Shibpur, Howrah.

109/1 Foreshore Rd., Howrah.
4th December 1957.
Registered A/D

Reform Food Products Private Ltd.,
S. R. Gupta,
Secretary."

Thus it appears that Rangalal, Dhiren and Lakshman were charged also for charges already mentioned in charge-sheets, dated 17th November 1957. The workmen gave their replies (Exts. i-4 to i-9), dated 6th December 1957, denying the charges. Exhibit i-4 which is the reply of Rangalal is quoted as follows:—

"With reference to your letter No. nil, dated 4th December 1957, I beg to state as follows:—

That the allegation made in the aforesaid letter is not only untrue, is being drafted with ulterior objective.

When I arrived in front of the Mill gate I saw all the workers were talking with one Sub-Inspector of Police. On enquiry I came to know that the general workers are demanding that 'L' flour should be mentioned in the permit clearly before it is allowed to pass. At that very moment Mr. B. L. Vanshyalla called Shri L. C. Ganguly inside the factory premises to discuss the matter. Within ten minutes Shri L. C. Ganguly came outside and said that Wheat Inspector is coming to settle the matter. The Wheat Inspector came and mentioned 'L' flour on the permit and the lorry load flour passed the gate undisturbed.

In your charge-sheet you have not mentioned under which sections of the certified standing order of the Company I have been charged.

The charges are untrue, mala fide and perverse to our interest as such I request you to withdraw the charge-sheet without further delay."

Exhibit i-5 which is a copy of the reply of Balai runs as follows:—

"With reference to your letter No. nil, dated 4th December 1957, I beg to state as follows:—

That the allegations made in the aforesaid letter is not only untrue, is being drafted with ulterior objective because I was not present there on that very day.

In your charge-sheet you have not mentioned under which sections of the certified standing order of the Company I have been charged.

The charges are untrue, mala fide and preverse to our interest as such I request you to withdraw the charge-sheet without further delay."

After the workmen gave their replies denying the charges the enquiry was notified to be held on 27th December 1957 at 18 Netaji Subhas Road, Calcutta-1, which is the Head Office of the Reform Flour Mills (Private) Ltd. The workmen in a body refused to attend this enquiry on the ground that the said office had nothing to do with the Reform Food Products (Private) Ltd. in whose employment they were. Now the point is whether the workmen were justified in refusing to attend this enquiry, because it was held at the office of the Reform Flour Mills. Truly speaking, it is the function of the Management to determine the venue of the enquiry. The Management rather found it convenient to hold the enquiry at the Head Office of the Reform Flour Mills, and the workmen had no legitimate ground for grievance on this score in view of the lease, etc., between the employer Companies. I, therefore, find that the workmen were not justified in not attending this enquiry at 18 Netaji Subhas Road. At this enquiry, the Company examined Shri B. L. Vanshylla, Shyam Sundar Pandey and Ramajur Singh, and ultimately came to the finding (vide Ext. Q-1) that all the six workmen concerned are guilty of the charges and were dismissed. The finding of the Enquiring Committee reads as follows:—

> We, therefore, find that the six workmen in question are guilty of the charges and that there are no extenuating circumstances to take a lenient view in the matter. Under the circumstances, we think that they should be dismissed from their services.

On behalf of the Company it is seriously contended that there are none of the elements to vitiate the enuiry, and as such the Court can neither interfere with the result of the enquiry as the Court is not sitting as a Court of Appeal, nor can it interfere with the punishment imposed. In support of this contention, the Company relied upon the case laws reported in 1958 L.L.J., Vol I, page 260 (Indian Iron & Steel Co.) and in 1959 L.L.J., Vol. I, page 285 (G. C. McKenzie & Co. and others).

On behalf of the Union, on the other hand, it is contended that the decision reached at the domestic enquiry is vitiated for want of good faith and also by Company's policy of victimisation and unfair labour practice and for basic error of facts and perverse finding and violation of principles of natural justice. It may be emphasised that the Company segregated the six clerks for the purpose of victimising them and had previously let off Daitari and Utsab and then again proceeded against them including three others this time. In this connection, I would observe that I have carefully gone through the evidence recorded during the domestic enquiry and also the same recorded in Court, and am of opinion that the contention of the learned Advocate for the Union is not without substance, as the policy of victimisation comes to the surface as soon as it is found that the three clerks against whom the Company proceeded in the first enquiry have again been hauled up on the self-same charge in addition to the fresh one regarding detention of lorry, etc., on 29th November 1957.

It is an elementary principle of criminal jurisprudence that no one can be tried, punished or acquitted twice for the self-same offence. The Company's action in proceeding against Rangalal, Lakshman and Dhiren for the previous set of charges from which they were already exonerated was clearly illegal. That the Company proceeded against them for the self-same charges at the second enquiry and its discrimination in the matter of maintaining in tact suspension orders against these three workmen, viz., Rangalal Lakshman and Dhiren, clearly smacks of unfair labour practice and victimisation. I, therefore, find myself unable to accept the findings of the Company at the second domestic enquiry. I have closely followed the evidence on this subject and find that the charge of detaining lorry on 29th November 1957 cannot be held to have been established against Monindra Mohan Mukherjee (serial No. 6), Jatindra Nath Chakrabarty (serial No. 3) and Balai Chandra Das (serial No. 2). It may be mentioned that the evidence of Wheat Inspector Shri Adhikary and Shri Vanshylla is not forthcoming on behalf of the Company and their evidence would have been of much help. Having carefully examined the evidence adduced in Court, my independent finding is that these three workmen, viz., Shri Balai Chandra Das, Shri Manindra Mohan Mukherjee and Shri Jatindra Nath Chakrabarty cannot be held to be guilty of the charges, and as such they are entitled to the normal relief of reinstatement with wages from the date the Mill reopened after the strike and the lock-out.

So far as Shri Rangalal Banerjee (serial No. 1), Shri Lakshman Chandra Ganguly (serial No. 5) and Shri Dhirendra Kumar Majumdar (serial No. 4) are concerned, I find that they took part in the obstruction of the lorry on 29th November 1957 and also behaved improperly in shouting "blackmarketing" and scandalising the Company on the score of permit, etc., and thus the charge on that score was brought home to them, and therefore they are found guilty. As regards relief I am unable to order their reinstatement in view of their anti-Company activities in the interests of industrial peace and harmony. But I would find that the punishment of dismissal of these 3 clerks is too severe, as they put in long period of service and this is their first offence. The Court, therefore, thinks it fit to interfere with the orders of dismissal respecting these 3 clerks, and converts the order of dismissal into one of discharge, and they are awarded compensation for loss of service according to the length of service put in by them. In arriving at the aforesaid findings, the Court has been guided by the principles laid down in the case of G. C. McKenzie & Co. and others reported in 1959 L.L.J., Vol. I, page 285. The observations are quoted as follows:—

"Undoubtedly, the management of a concern has power to direct its own internal administration and discipline; but the power is not unlimited and when a dispute arises, industrial tribunals have been given the power to see whether the termination of service of a workman is justified and to give appropriate relief. In cases of dismissal on misconduct, the tribunal does not, however, act as

a Court of Appeal and substitute its own judgment for that of the Management. It will interfere—

(i) when there is want of good faith,

(ii) when there is victimisation or unfair labour practice,

(iii) when the management has been guilty of a basic error or violation of a principle of natural justice, and

(iv) when on the materials the finding is completely baseless or perverse.

It is for the management to determine what constitutes major misconduct within its standing orders sufficient to merit dismissal of a workman, but in determining such misconduct it must have facts upon which to base its conclusions and it must act in good faith without caprice or discrimination and without motives of vindictiveness, and intimidation or resorting to unfair labour practice and there must be no infraction of the accepted rules of natural justice. When the management does have facts from which it can conclude misconduct, its judgment cannot be questioned provided the abovementioned principles are not violated. But in the absence of these facts or in case of violation of the principles set out above, its position is untenable.

In the absence of any of the vitiating circumstances mentioned above, it would not be open to the industrial tribunal (in the instant case by the Labour Appellate Tribunal in appeal) to disbelieve the evidence of a witness examined at the domestic enquiry and come to a different conclusion on merits."

This case law has been reviewed by our Calcutta High Court in the case of National Tobacco Company reported in 64 C.W.N., page 305, wherein the following principles have been laid down:—

"Where there has been a managerial enquiry, and provided that the rules of natural justice have been observed, and that there has been a full and fair enquiry, and in the absence of any basic error, mala fides, victimisation or unfair labour practice, the conclusion arrived at by the domestic forum cannot be disturbed. The Tribunal in such cases does not sit as a court of appeal and is not entitled to deal with the case, ignoring the proceedings before the domestic forum and the conclusions arrived at by the enquiring officer. If the evidence given at the managerial enquiry, if believed, justifies the conclusion arrived at, then there should be no interference on the ground that the tribunal itself would like to arrive at a different conclusion.

Victimisation means one of two things: The first is where the workman concerned is innocent and yet he is being punished because he has in some way displeased the employer, for example, by being an active member of a Union of workmen who were acting prejudicially to the employer's interests. The second case is where an employee has committed an offence but he is given a punishment quite out of proportion to the gravity of the offence, simply because he has incurred the displeasure of the employer in a similar manner as mentioned above. But when it is found that the employee is guilty of gross misconduct then there cannot be any question of victimisation because it merits dismissal by itself."

Regarding issue No. 3, viz., what should be the number of permanent workmen in the Mill and the Head Office, it may be observed that the evidence on record does not furnish sufficient materials on the head of volume of works and the adequacy or otherwise of the number of workmen to cope with the same. The only evidence comes from Shri N. J. Barman (U.W. 1) who has given me the present strength of the staff, but no adequate evidence is adduced to show the volume of work either in the Mill or in the Head Office. Daitari (U.W. 3) has adduced evidence on this score, but that is also insufficient to enable me to arrive at any correct figure of the strength of workmen.

In the circumstances I am unable to disturb the number of staff as at present employed in the Mills and the Head Office, and so I can neither increase nor decrease the same. That is a management function, pure and simple. If any of the existing workmen are not made permanent or discharged, it will be up to such aggrieved employees to raise fresh disputes on that score.

To sum up, the reference is competent, and the Court is entitled to adjudicate upon it.

(1) The strike staged by the workmen with effect from 16th November 1957 is found unjustified and the lock-out declared by the Company justified. Hence, the workmen are not entitled to any pay for the period of strike and lock-out from 16th November 1957 to 16th January 1958.

(2) The dismissal of Shri Manindra Mohan Mukherjee, Shri Jatindra Nath Chakravarty and Shri Balai Chandra Das is found unjustified, and they are directed to be reinstated with full wages from 17th January 1958 treating their continuity of services as unbroken by the Reform Flour Mills (Private) Ltd., i.e., the present management.

So far as Shri Rangalal Banerjee, Shri Dhirendra Kumar Majumdar and Shri Lakshman Chandra Ganguly are concerned, their dismissal from service is found to be too severe a punishment in consideration of their first offence, and hence the order of dismissal passed on them is converted into one of discharge, and they are awarded compensation for loss of service at the rate of half month's total emoluments as last drawn by each for each completed year of service as hereunder, which is directed to be paid to them by the Company (Reform Flour Mills Private Ltd.) within a month of the publication of this award:—

(1) Shri Rangalal Banerjee who put in 20 years' service—His 10 months' wages.

(2) Shri Lakshman Chandra Ganguly who put in 13 years' service—His 6 months' wages.

(3) Shri Dhirendra Kumar Majumdar who put in 11 years' service—His 5 months' wages.

(3) The existing strength of the staff at the Mills and Head Office calls for no interference and is accordingly left undisturbed with observations made at the appropriate place of this award.

This is my award.

AWARD

Decisions

Issue No. 1:

6. The Union states in its written statement as follows. The Company was a party to the dispute in the three Major Jute Textile Tribunals. The Union representing the clerks of the Company's group of mills entered into three agreements with the Company on 18th March 1954, 3rd November 1954 and 31st January 1955. The Company did not implement the agreement in letter and spirit and several disputes were raised by the Union alleging non-implementation of the agreement. As the disputes could not be settled by conciliation or negotiation between the employers and the employees, the present reference was made to the Tribunal for adjudication of the issues in question. The Union states that the number of clerks employed in the SA grade is very small and all departmental heads from Batching to Finishing and/or office heads should be in SA Grade and all sectional heads and office head assistants should be in SB Grade. The Union, therefore, claims that the following clerical occupations should be placed in SA Grade (Rs. 208—10—308):

Office Head Typist,
Office Draughtsman,
Head Store Babu,
Head Jute Babu,
Head P. F. Clerk,
Head Labour Babu,
Head Batching Babu,
Head Preparing Babu,
Head Sacking Spinning Babu,
Head Hessian Spinning Babu,
Head Sacking Weaving Babu,
Head Hessian Weaving Babu,
Calender-in-charge Babu.

It is also prayed that the following clerical posts should be placed in SB Grade (Rs. 138—10—208):

Office 2nd, 3rd and 4th Clerk (Statistical and Costing)
1st Assistant Typist,
2nd and 3rd Store Babu,
General Head Babu,
Second and Third Jute Babu,
1st and 2nd Assistant of Provident Fund Office,
1st and 2nd Labour Office Assistants,
Head Sacking Winding Babu,
Head Hessian Winding Babu,
1st Assistant of Sacking Weaving,
1st Assistant of Hessian Weaving,
Calender Report and Measuring Babu,
Machine Sewing-in-charge Babu,
Head Sewing-in-charge Babu,
Shipping Clerk,
Calender Selection (Sample) Clerk,
Canteen-in-charge Babu,
Compounder.

7. The Company states in its written statement as follows:—

The Company entered into three successive agreements with the Union on 18th March 1954, 3rd November 1954 and 31st January 1955, copies of which are marked Annexures "A-1", "A-2" and "A-3" to the Company's written statement. The terms contained in the agreements were fully implemented by the Companies. The Companies have been following all the directions of the successive Omnibus Jute Textile Tribunal awards, including the recent Appellate Tribunal award in respect of promotion and grading of clerical staff.

8. The assignment of a particular job to a particular grade has been left to the discretion and fair judgment of the employers by the award of the Third Omnibus Jute Textile Tribunal, as affirmed by the Hon'ble Appellate Tribunal. The award of the Hon'ble Appellate Tribunal in respect of the above matter is still binding upon the parties. The reference is, therefore, bad in law and is not within the jurisdiction of the Tribunal. It is further stated that the assignment of posts of SA and SB Grades according to the issue under reference does not relate to any individual clerk but to a particular job to a particular grade. Therefore, the demand of the Union that "any clerk who is fit for higher grade should be allowed to benefit by it", is irrelevant for the purpose of this adjudication. The promotion of clerks to different grades according to suitability, efficiency or vacancy is a question which should be left to the sole discretion of the Companies, who are the best judge in the matter. In the five Companies who are parties to this reference, the ingredients of jobs of clerks vary so widely from mill to mill and the combination of functions in different jobs are of such varied character that any standardisation

of clerical jobs in a particular grade is impracticable. The grading of clerks in SA and SB Grades is a normal management function. In the Companies under reference, the grading of clerks in SA and SB Grades is more generous than that of the award, and their special grade is much better than the topmost grade awarded by the Tribunal. A list of clerical posts in SB and SA and the Company's own Special Grades is marked Annexure B. The question of grading of different clerical jobs in SA and SB was thoroughly gone into and agreement was signed in this respect between the Companies and the Union, which was fully implemented. The allegation of the Union that Mr. W. H. Jacks, the Chief Personnel Officer, admitted that certain clerks should be allowed to move up to Grade SA is misconceived and denied. The recommendations of the Labour Commissioner as referred to in the Union's written statement, was given full consideration by the Companies and their views on those recommendations were duly forwarded to the Labour Commissioner. The Labour Commissioner's recommendations and the Company's letter in reply are marked Annexures C-1 and C-2 to the Company's written statement. The Union's demand in respect of this issue should be rejected.

9. Evidence was adduced on both sides. P.W. 1 Shri Jahwarlal Chatterjee, an office assistant of Shamnagar South Mill, and General Secretary of Thomas Duff Group Mills Clerks Association, deposed for the Union. Documents Exts. 1 and 2 were marked for the Union. O.P.W. 1 Mr. D. W. Lelaren deposed for the Company. Documents Exts. A and B were marked for the Companies.

10. The Third Jute Textile Tribunal award, published in 1955, as modified by the Hon'ble Labour Appellate Tribunal, awarded the following grades of basic salaries for the clerical staff in jute mills:—

SA: Rs. 208—10—308.

SB: Rs. 138—10—208.

Grade I: Rs. 78—5—143—(E.B.)—10—183.

Grade II: Rs. 63—3—93—(E.B.)—4—113.

There were some modifications for six minor mills, which are not relevant for the purpose of the present proceeding. In the five mills under reference, the four grades as mentioned above are applicable. The question in this issue is as to whether some of the clerical posts should be declared as posts in SA and SB Grades, and if so, which of those posts should be in SA and SB Grades. The Company, in its written statement, takes the plea that the assignment of a particular job to a particular grade has been left to the discretion and fair judgment of the employers by the award of the Third Omnibus Jute Textile Tribunal, as affirmed by the Hon'ble Labour Appellate Tribunal. The present reference was, therefore, bad in law and not within the jurisdiction of the Tribunal to adjudicate upon. This objection was not, however, pressed at the time of the hearing of the case by he learned spokesman for the Companies. The Third Omnibus Tribunal award shows that the clerical employees in the mills, including the mills in question, were to be fitted into in the new grades. The clerical employees in old grade I, SC and SD of the Second Award were to be fitted into the Grade I and the old SB and SA Grades to the grades as revised by the Third Award. There are some directions in the award as to promotion of clerks in Grade II to Grade I. The Hon'ble Labour Appellate Tribunal in its decision in the appeal against the Third Jute Textile Tribunal award directed that facilities must be given to the clerks even of Grade II to rise to the top, and that, posts in the higher grades shall, as a rule, be filled by promotion from the lower grades according to seniority-cum-efficiency. Direct recruitments to the higher grades was to be made only when suitable candidates were not available from the lower grades. It is observed that the directions of the Tribunal supplemented by the directions given by the Hon'ble Labour Appellate Tribunal will facilitate promotion of a clerk working in the lower grades.

11. The Union wanted a large number of jobs to be classified as posts in the SA Grade and SB Grade. A list of such jobs have been stated above. The learned spokesman for the Union, being the General Secretary of the Jute Workers' Federation, referred me to Annexure C-1 to the Company's written statement, which is a letter by the Deputy Labour Commissioner, Shri Quader Nowaz, to the Company incorporating his suggestions as to placing of different clerical jobs in SA or SB Grade. The suggestion of the Deputy Labour Commissioner shows that he recommended only 3 jobs, viz., the posts of the Head Store Babu, Head Jute Babu and Calender-in-charge Babu to be placed in SA Grade. The rest of the posts as mentioned in this part of the annexure are recommended to be in SB Grade, with an observation that the Head Weaving Babus in Sacking and Hessian should be in the SB. Grade and should go to SA Grade with provision for automatic promotion. The learned spokesman for the Union stated that there were 4 SA Grade men in the Titaghur Jute Mill No. 15, 5 such men in Angus, 6 such men in Shamnagar North and 7 such men each in Victoria and Titaghur Jute Mill No. 2. It appears from Ext. B filed by the Company that there are 5 SA and 1 Special Grade clerks in Shamnagar South. The learned spokesman stated that out of 13 such jobs claimed in the written statement, he would press only for 9 such men in the SA Grade. The learned spokesman for the Company states that it is difficult to lay down particular grades for the clerks in the different mills, as the ingredients of jobs of clerks vary wide from mill to mill and the combination of functions in different jobs are varied in character. The learned spokesman for the Company, therefore, states that standardisation of clerical jobs in the particular grades is impracticable in respect of the 5 mills in question. It is also stated that the claim of the Union is for giving almost all the clerks either SA or SB Grades. The learned spokesman stated that only the Mill Office Head Clerk may be placed in SA Grade. SB Grade

can be given to the Mill Office Second Clerk, Store Head Clerk, Provident Fund Head Clerk, Labour Office Head Clerk, Jute Head Clerk, General Department Head Clerk and all Departmental Head Clerks in the factory. He further stated that draughtsmen, Head Typist and Calender Head Clerk should start at the SB Grade and if found efficient, may be promoted to SA Grade. He further stated that appointments in these Grades may be even in Grade I, and the clerk may then be promoted to SB and SA Grades. Ext. B is a table showing the present grading of the clerical staff in the six mills of the Company, being Shamnagar Jute Factory Company Ltd., South, Shamnagar Jute Factory Company Ltd., North, Victoria Jute Co., Ltd., Angus Jute Co., Ltd. and Titaghur Jute Factory Co., Ltd., Mills I and II. I have carefully considered the present gradings, as shown in Ext. B, as well as the suggestions of the learned Deputy Labour Commissioner, Shri Quader Nowaz, as mentioned in his letter, Annexure C-1 to the Company's written statement. I have also considered the comparative importance of the jobs in the jute mills in coming to the conclusion as to the jobs which should be graded in SA or SB. On giving my most anxious consideration to the matter, I award as follows on this issue:—

The following posts should be in the SA Grade:—

SA:

(1) Mill Office Head Clerk to be promoted to Special Grade in the discretion of the Company. This promotion to the Special Grade in the case of the Mill Head Clerk should be freely given,

(2) Mill Office Second Clerk,

(3) Draughtsman,

(4) Head Typist.

Posts Nos. 2, 3 and 4 above should be in the SA Grade.

The following posts should be in the SB Grade:—

SB:

(1) Head Store Clerk,

(2) Provident Fund Head Clerk,

(3) Labour Office Head Clerk,

(4) Calender Head Clerks.

These posts should be in the SB Grade and the incumbents should be promoted to the SA Grade when he reaches the top of the SB Grade, provided he is found efficient.

(5) General Department Head Clerk (Hajiri Babu),

(6) Jute Head Clerk,

(7) Mill Office Third Clerk,

(8) All Departmental Head Clerks in the factory.

The posts as mentioned in 5, 6, 7 and 8 shall be in the SB Grade only.

The employers will be at liberty to promote any other clerical employee to the SB or SA Grade, in consideration of his efficiency, although he may not be an incumbent in the jobs mentioned above. In this regard, however, the employer shall have full discretion.

12. This Issue is accordingly answered.

Issue No. 2:

13. This issue was not pressed at the hearing of the case by either of the parties. This issue is not, therefore, answered.

Issue No. 3:

14. It appears that in the mills involved in this proceeding, there is a staff of Relieving Clerks, a number of whom are in permanent service and the rest are Budli Relieving Clerks on "no work no pay" basis. The Union states that at the moment in the Thomas Duff Group of Mills, there are 16 permanent Relieving Clerks, whose period of service vary from 5 to 12 years, and 70 Budli Relieving Clerks, who have been serving for 2 to 3 years. It is stated that Budlis are on "no work no pay" basis, and when appointed in jobs are paid salary at the rate of Rs. 63 per month plus the usual dearness allowance, which is the starting salary of Grade II scale, and they are not paid for the jobs in which they are put in. It is stated that these Budli Relieving Clerks should be absorbed in permanent posts falling vacant or when they have completed 240 days of work, and that, there should be a systematic grade and scale of pay for the relieving squad, and they should be put in a grade in conformity with their nature of work and length of service. The Union prays that the present complement of Relieving Clerks, both budli and permanent, should be treated as permanent clerks. The system of "no work no pay" basis for the budlis should be abolished forthwith and they should be paid at the rate for the jobs when asked to relieve any higher grade clerk. All the clerks should be brought in the panel of permanent relieving clerks and they should be placed in Grades I and II as may be warranted by the nature of work and length of service.

15. The Company, in its written statement, states that the system of recruiting budli clerks was recognised by the Union in an agreement, which reads as follows:—

> The management agrees that a panel of budli clerks will be maintained for the purpose of filling in temporary leave vacancies where considered necessary.

Budli employment in the clerical vacancies is offered in the normal course in rotation so as to give equal employment opportunities in available vacancies to all the budlis in the register. The Relieving Clerks are usually appointed in the vacancies that are caused in the chain of clerical posts and are required to carry on unimportant clerical jobs while important jobs of the vacant post are done by the permanent higher graded clerks. This is normally done by stepping up the clerks below in the chain leaving the lowest link in the chain consisting of unimportant jobs for the Relieving Clerks. In the circumstances stated above, the Relieving Clerks are only entitled to the pay of the lowest grade clerk, i.e., Grade II, and the Budli Relieving Clerks on their inter-

mittent appointments have to be necessarily given the starting salary in Grade II.

16. P.W. 1 states in his evidence that there are about 130 Budli Relieving Clerks and no permanent Relieving Clerks, and the Budli Relieving Clerks have been working for periods ranging from 2 to 8 years. The witness further states that they are not employed in unimportant jobs and they occasionally work in important jobs like Jute-in-charge or Finishing-in-charge. O.P.W. 1 Mr. McLaren states in his evidence that there are at present 3 permanent Relieving Clerks and 120 to 130 Budlis.

17. In view of the evidence on record, I have no doubt that the Budli Relieving Clerks and the permanent Relieving Clerks are all made to work in unimportant jobs and they are entitled to the basic salary of Grade II only. It is, therefore, awarded that the basic salary for Grade II clerks in the jute mills, as awarded in the Third Jute Textile Tribunal, shall be given to the Budli Relieving Clerks and the permanent Relieving Clerks. This Grade is as follows:—

Rs. 63—3—90—(E.B.)—4—113.

The permanent Relieving Clerks enjoy the annual increments. What I find is that the Budli Relieving Clerks do not get any increment, as they are given unimportant appointments and are given the starting salary in Grade II. This system causes hardship to the incumbent in two ways. Firstly, he does not get the basic salary for the whole year without interruption. Secondly, when he is given unimportant employments, he has to start at the beginning of the scale without any increment in spite of his accumulated years of service. Considering all these circumstances, I award as follows. Whenever a Budli Relieving Clerk will have completed six months or more period of service during the course of one financial year, he will be given an annual increment at the end of that year. For the purpose of giving increment to a Budli Relieving Clerk, the financial year of the Company shall be the time-unit.

18. This Issue is accordingly answered.

Issue No. 4:

19. The question is whether the 9 clerks mentioned in the list attached to the order of reference should be placed in Grade I of the clerical grade laid down in the award of the Third Jute Textile Tribunal. It appears from the evidence on record that out of these 9 men, 2 have already been absorbed in Grade I, and they are Shri Bhairab Chandra Ghosh of Titaghur Mill No. II and Shri Kanailal Bhattacharjee of Titaghur Mill No. I. We are, therefore, concerned with the other 7 men mentioned in the order of reference. The Union states in its written statement that in Shamnagar North Mill, Shri Indu Bhusan Chakravarty, Calender Assistant, has served for 11 years, Bhagat Gupta, Measuring Assistant, has served for 15 years, Shri Rabindra Nath Sen, Batching Assistant, has served for 8 years, Shri Ananta Banerjee, Sacking Weaving Assistant, has served for 18 years, and Shri Bijoy Kumar Paul, Hessian Weaving Assistant, has served for 17 years. It is also stated that in Titaghur Mill No. I. Shri Biswanath Chatterjee, Spinning Assistant, and Shri Prantosh Banerjee, Sample Babu, have put in long years of service. The Union states that in not promoting these employees, the Company has failed to implement the directions of the Hon'ble Labour Appellate Tribunal and that, the Company cannot exercise its discretion against promotion to Grade I without establishing charge of inefficiency against these employees. It is further stated that it was observed by the Hon'ble Labour Appellate Tribunal that the several grades for the clerical staff were in the nature of links in the same chain and the clerks of even Grade II should be given facilities to rise to the top. The Union, therefore, prays that the clerical employees in the list attached to the order of reference should be placed in Grade I and they should be paid the difference of pay from the date of enforcement of the Hon'ble Labour Appellate Tribunal's award.

20. The Company states in its written statement that the clerks whose names are in the attachment to the Issue No. 4, had been employed at the time of reference either as Weighing, Marking, Tallying Bale Weight, Measuring Clerks or Clerks doing unimportant jobs. Their assignments did not warrant any upgrading to Grade I, which was meant only for clerks doing important jobs according to the directions of the Hon'ble Appellate Tribunal. The Companies in the discharge of their normal management function are the best judge to decide which of the clerical jobs are important and which are not. The Companies maintain that their allotment of clerical jobs in Grade II is in no way less generous than what is prevalent in the industry, and in any case, more generous than what was considered fair by the Hon'ble Appellate Tribunal. In pursuance of the directions of the Hon'ble Appellate Tribunal, the Companies could have kept as many as 35 per cent. of the clerks in that grade, but the percentage of the clerks in Grade II to the total number of clerks employed by the Companies vary from 17 per cent. to 27 per cent. Two of the clerks, viz., Shri Bhairab Ch. Ghosh of Titaghur No. 2 Mill, and Shri Kanailal Bhattacharjee of Titaghur No. I Mill, have already been promoted, and the present issue has to be restricted to 7 clerks, who have been still doing unimportant jobs and as such, they are not entitled to be promoted to Grade I. The nature of jobs assigned to these remaining seven clerks concerned under this issue is marked Annexure D to the Company's written statement.

21. Ext. A shows the nature of work done by the 7 clerks in question. This appears as follows:—

Titaghur No. I

(1) Shri Biswanath Chatterjee—Grade II Slip Draft Weighing Clerk.

(2) Shri Prantosh Banerjee—Grade II Lapping Clerk.

Shamnagar North

(3) Shri Indu Bhusan Chakraborty—Grade II Bale Marking Clerk, Calendar Deptt.

(4) Shri Bhagbat Gupta—Grade II Cloth Measuring Clerk, Calendar Deptt.

(5) Shri Rabindra Nath Sen—Grade II Jute Bale Weighing Clerk, Batching Deptt.

(6) Shri Ananta Kumar Banerjee—Grade II—Cuts Weighing Clerk, Skg. Weaving Deptt.

(7) Shri Bijoy Kumar Paul—Grade II—Cuts Measuring Clerk—Hess. Weaving Deptt.

It appears from Ext. C that Shri Prantosh Banerjee was appointed in August 1931, Shri Bhagbat Gupta was appointed on 1st November 1941, Shri Ananta Kumar Banérjee was appointed on 1st February 1940 and Shri Bijoy Kumar Paul was appointed on 1st June 1941. These employees have, therefore, put in 18 to 28 years of work already. The other 3 employees, viz., Shri Biswanath Chatterjee, Shri Indu Bhusan Chakraborty and Shri Rabindra Nath Sen were appointed in May 1946, January 1947, and May 1950 respectively. They have, therefore, put in 9 to 13 years of service. It appears from the evidence of the witnesses for the Company that these employees have been kept in Grade II only because they are in unimportant jobs. It does not appear that there is any accusation against them in regard to their inefficiency. The Hon'ble Labour Appellate Tribunal in its award in the Third Jute Textile Tribunal has observed that facilities should be given to clerks even of Grade II to rise to the top. This should mean that Grade II clerks should be promoted to Grade I, if circumstances so justify, although they may be working in unimportant jobs. Considering all these circumstances, it appears to me that Shri Prantosh Banerjee, Shri Bhagbat Gupta, Shri Ananta Kumar Banerjee and Shri Bijoy Kumar Paul, who have put in 18 to 28 years of service should be given the chance of promotion to Grade I. It is, therefore, awarded that Shri Prantosh Banerjee, Shri Bhagbat Gupta, Shri Ananta Kumar Banerjee and Shri Bijoy Kumar Paul be promoted to Grade I with effect from the date of the commencement of the operation of this award. They should be fitted at the stage just above the basic salary that they would be receiving at the date of their promotion.

Note.—Guide for teachers and Examiners in "Health Subjects" for the course in general nursing.—The Indian Nursing Council has prescribed for the first examination, one paper of three hours on Health Subjects i.e., Personal and environmental Hygiene, Principles and Practice of Health Teaching and Nutrition have already been given in detail in the syllabus for General Nursing. The section in the first-year syllabus for Nursing, mainly concerned with the subject of Principles and Practice of Health Teaching, is given briefly only as follows:—

"Recognising and providing for the need of health teaching to patients and relatives, answering patient's questions, giving explanations of hygiene and requirements of healthy living, demonstration nursing care and medical treatment the patient will need after discharge. Teaching the adaptation of the principles of health to the patient's way of living".

While it is proper for the student nurse to learn to take responsibility for health teaching from an early stage of her training, the actual teaching she could do in her first year would be limited by the limits of her own experience. It would ordinarily be in the field of personal and environmental hygiene on such subjects as care of the skin, teeth and hair, hand-washing,

proper use of bath rooms and lavatories, care in such matters as coughing, sneezing and spiting, protection from flies and on proper ventilation, cleaning of floors and disposal of wastes as demonstrated by the care of the patients' environment. The teaching done by the student should be carefully supervised stressing the importance of teaching by example of personal hygiene and by demonstration of ward hygiene. The teaching not be formal, it should be carried on in the course of nursing duties.

To be able to "give explanation of hygiene and requirements of heathly living" as required in the syllabus, the student should herself develop good healthy habits and for that purpose there should be a properly organised Health Service for the students as prescribed in the regulations for general training. They should realise the importance of the course in Personal Hygiene and it is recommended that the subject be integrated in the courses in anatomy, physiology and nursing. The first physical examination of the student should constitute an essential part of the Personal Hygiene course. The examination should be preceded by an individual interview at which full information should be obtained of the students' family history and personal health record and health habits. The physical examination should be followed by another interview to discuss any recommendations made by the doctor and to help the student to make her own developing healthful habits.

It is recommended that ten hours be allotted to instruction in Personal Hygiene and twelve hours to instruction in Environmental Hygiene.

To give any instruction on adaptation of the principles of health to the patient's way of living the student must know how the people live in the area around the hospital. Home visiting must therefore be included in the preliminary course. It is recommended that two students at a time be sent out visiting with the health visitor in the area. The students should be informed before hand about the purpose of the visit and about what the health visitor plans to teach and accomplish during the visit. The students should observe and report on the kind of houses they visit, on the need presented by the family and how the health visitor meets it. The visits should be followed by a discussion class, the students' observations being used as a basis for discussing the necessity and opportunities for health teaching to the hospital patients; also the need for demonstrating the care needed by the patient after discharge and of making sure that the instructions are understood.

Health teaching in hospital will be a new subject to most of the members of the nursing staff. Therefore it is necessary that a teaching programme in this subject be organised for the staff so that they may understand thoroughly what the student is to be taught to teach.

The examination questions on this subject would be linked with the questions on hygiene and nutrition, e.g., a question on protecting food from flies could also include a question on what advice would be given to protect and store food in the home. Similarly questions on disposal of refuse or a safe water-supply, on treatment of verminous hair, or on need for suitable clothing, etc. should include questions on the advice or instructions to be given to the patient or his family on such matters.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

RESOLUTION

No. 4803/M.I-36/60. — 12th May 1960. — The affairs of the Raghunathpur Municipality in the district of Purulia have been causing concern to Government for some time past. The municipality was inspected by the Inspector of Local Bodies, West Bengal, in January last and his report of inspection as well as the audit report of the municipality for the year 1957-58 reveal a very deplorable state of affairs in the administration of the municipality. The following are some of the glaring instances of incompetency and default shown by the Commissioners of the said municipality in the performance of their duties:—

(i) The financial condition of the municipality is extremely unsatisfactory and its cash balances at the end of March 1959 and again at the end of December 1959 were far short of the amount of its outstanding liabilities. So desperate was the financial position of the municipality that the Commissioners were obliged to meet the monthly recurring expenses by irregular diversion of Government grants and contributions given for specific purposes. Except for the months of April and December, in no other month during the year 1959 the cash balance was sufficient to meet two months' requirements.

(ii) The main reason for the financial difficulties of the municipality is the extremely low collection of rates and taxes which was only 12 per cent. of the total demand less remission in 1957-58 and only 11 per cent. in 1958-59. The outstanding balance of taxes at the end of 1958-59 rose to Rs. 38,506 which was equal to four years' demand. No effective steps were taken for realisation of the dues as laid down in sections 123 and 124 of the Bihar and Orissa Municipal Act. Out of 893 rate-payers, as many as 773, i.e., about 90 per cent. were in arrears at the end of 1958-59 and more than 700 of them were in arrears for over six years. There seems little chance of the Commissioners being able to realise a major portion of these outstanding dues. Up to the end to December 1959, a sum of Rs. 2,083 only had been realised against a total outstanding demand of over Rs. 47,000. The number of distress warrants issued was only four in 1957-58 covering an amount of Rs. 37.66 and only one in 1958-59 for an amount of Rs. 15.83. During 1959-60 only two distress warrants covering an amount of Rs. 10.86 had been issued up to the 31st December 1959. A considerable portion of the demand of the municipality has already been allowed to become time-barred.

(iii) The Demand and Collection Registers were not properly maintained and many columns of these registers were not totalled and the outstanding dues of the previous years were not brought forward in separate Demand and Collection Registers as required under rules 40 and 41 of the Accounts Rules.

(iv) There was unusual delay in remittance of the collections to the Treasury and the amount of collection left with the Cashier was allowed to exceed his security deposit in contravention of rule 20 of the Accounts Rules.

2. After a careful consideration of the matter Government have come to the conclusion that the Commissioners of the Raghunathpur Municipality in the district of Purulia have shown their incompetency to perform and have, persistently made

default in the performance of the duties imposed on them by the Bihar and Orissa Municipal Act, 1922, and the rules made thereunder.

3. Now, therefore, in exercise of the power conferred by section 385 of the Bihar and Orissa Municipal Act, 1922 (Bihar and Orissa Act VII of 1922), the Governor is pleased to declare the said Commissioners to be incompetent and in default and to supersede them for a period of two years with effect from the publication of this resolution.

4. Ordered that the resolution be published in the "Calcutta Gazette".

By order of the Governor,

A. NIYOGI,

Jt. Secy. to the Govt. of West Bengal.

Jardine Henderson Ltd., 4 Clive Row, Calcutta and their workmen represented by Jardine Henderson Triton & Atlas Employees' Association, 4 Clive Row, Calcutta and Union of Jardine Henderson Swabalambi Employees, 4 Clive Row, Calcutta, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

(1) Whether the management is justified in reducing the quantum of closing bonus to half month's pay in 1958? What relief, if any, are the employees entitled to?

The reference was received by this tribunal on 10th September 1959. Notices were duly served upon the parties. The Company is Messrs. Jardine Henderson Ltd. and the present dispute under reference is between this Company and its workmen represented by two separate Unions, namely, Jardine Henderson Triton and Atlas Employees' Association (hereinafter to be mentioned as the Association) and the Union of Jardine Henderson Swabalambi Employees (hereinafter to be described as the Union). The Association and the Union filed their separate written statements on 23rd October 1959. The Company filed its written statement on 22nd December 1959. The date of hearing was fixed on 21st March 1960. On that date the hearing was taken up, witnesses were examined, documents were exhibited and evidence was closed. The hearing was adjourned to 22nd March 1960 for arguments. On that date arguments were heard and the award was reserved.

Decision

The present reference relates to a dispute between the Company and its workmen represented by the two registered trade unions, namely, the Association and the Union referred to above over the reduction of quantum of closing bonus to half month's basic pay in 1958. It is not disputed that Messrs. Jardine Henderson Ltd. is a well-known and reputed mercantile firm and that this firm took up the business of Jardine Skinner in October 1946. It is also not denied that the workmen of this Company have got two registered Unions. One is known as Jardine Henderson Triton and Atlas Employees' Association and the other is known as the Union of Jardine Henderson Swabalambi Employees, both of which were formed and registered in 1946. The evidence on record further shows that the entire staff of the Company including clerical and subordinate staff number about 500 who are members of either of these two Unions.

As I have already stated that both the Association and the Union have filed separate written statements of their claims. It is not disputed between the workmen and the Company that the Company has been paying two kinds of bonuses to its workmen, namely, the Puja Bonus paid usually before the Puja festival and the closing bonus paid after the closing of the accounts for the year concerned. It is admitted that the financial year of the Company is from 1st of April to 31st of March next year and that the account of the Company is closed on 31st of March and the closing bonus is paid to the workmen thereafter. It is the common case of both the Association and the Union representing the workmen of the Company that from 1948 up to 1957 the Company paid closing bonus to its employees at the uniform rate of one month's basic

wages current during the year concerned and that only in 1958 it reduced the quantum of closing bonus to half month's basic pay without any justifiable grounds and on evidence adduced before this tribunal it is now admitted that in 1959 the Company paid to its workmen closing bonus equivalent to one month's basic salary. According to the Association and the Union the Company was not justified in reducing the quantum of closing bonus to half month's basic wages in 1958 inasmuch as the payment of closing bonus at the rate of one month's basic salary has become a condition of service and has acquired the character of a customary bonus and has been paid all along at the uniform rate since 1948 up to 1957 without any break and irrespective of the quantum of profits earned by the Company till 1957. So, the long and short of the claim of both the Association and the Union in their written statement is that the closing bonus which the Company has been paying since 1948 up to 1957 without any break at a uniform rate of one month's basic salary is a condition of service and a customary bonus and is not dependent upon the quantum of profits earned by the Company and that as such the Company was not justified in reducing the quantum of closing bonus to half-month's basic pay suddenly in 1958. So, both the Association and the Union pray that the Company may be directed to pay further half month's basic salary to its workmen to make up one month's basic salary as the closing bonus for 1958.

To this the answer of Messrs. Jardine Henderson Ltd., namely, the Company, is that the bonus paid to the workmen of the Company after the closing of the accounts, i.e., the closing bonus is not a condition of service, neither is it a customary bonus and that the payment of this bonus is an ex-gratia one and the payment of the same should and always would depend upon Company's earning appreciable profits to pay the same. The Company's specific contention is that the closing bonus is nothing but a profit bonus and it cannot be given to the workmen unless there is available surplus out of profits of the Company earned during the relevant year after application of the Full Bench Formula of the Labour Appellate Tribunal. So far as the present dispute is concerned, the Company's contention is that as there was no available surplus for payment of the bonus during 1958, the workmen were not entitled to claim any bonus at all for that year but whatever has been given to the workmen has been an ex-gratia payment. Or in other words what the Company wants to contend is that as closing bonus is for all intents and purposes a profit bonus which is declared after closing of accounts, it cannot be allowed to the employees unless there is sufficient available surplus to provide payment of such bonus to the employees and that so far as the reduction of quantum of closing bonus to half month's basic wage for 1958 is concerned there was no available surplus for that year to justify payment of any such bonus but the Company purely on humanitarian grounds and to maintain good relationship with the employees only reduced the amount to half month's basic pay without totally denying it to the employees which they could legally and morally do. But the association in paragraph 12 of its written statement states that in any event the Company has earned enough profit during the year 1958 and should not be allowed to reduce the quantum of the said closing or customary bonus.

So, what this tribunal is called upon to adjudicate upon in respect of the issue under reference is whether the management was justified in reducing the quantum of closing bonus to half month's basic pay in 1958.

Now I come directly to issue No. 1 as mentioned above.

Issue No. 1

As I have already stated it is the case of the Employees' Association as well as the Union that the management was not justified in reducing the quantum of closing bonus for 1958 to half month's basic pay inasmuch as the payment of such bonus to the workmen at the uniform rate of one month's basic pay for a long period of years, i.e., from 1948 to 1957 without any break has made the bonus a customary or traditional one and inasmuch as it has become a condition of service for the employees. It is now well-settled by the judicial decisions of the Hon'ble Supreme Court that the claim for bonus particularly Puja bonus as an implied condition of service must depend upon proof of certain well-defined tests, one of which is that the bonus must be shown to have been paid by the management even in the year of loss. (Vide Ispahani Ltd. vs. Ispahani Employees' Union 1959 L.L.J., Vol. II, page 4.) It is not disputed in the present case that the payment of closing bonus has not been made a condition of service for the employees by any express agreement between the workmen and the employer. But the inference of an implied agreement for treating the closing bonus as a condition of service must have to be drawn upon the proof of following tests, namely, (1) that payment of bonus must be unbroken, (2) that it must be for a sufficiently long period and (3) that the circumstances in which payment was made should be such as to exclude that the payment was made out of bounty. The fact of payment in the year of loss would be an important factor in excluding the hypothesis that the payment was out of bounty and in coming to the conclusion that it was a matter of obligation based upon implied agreement. In the present case the first two tests are, of course, complied with. It is an admitted fact that the closing bonus has been paid to the workmen of this Company without any break for a series of years commencing from 1948 at the earliest till 1959. The oral evidence of the parties and the chart Ext. Q filed by the Company will bear this out. But so far as the 3rd test is concerned, the contention of the Company is that this bonus is an ex-gratia payment and was always paid out of bounty and only in the years of profits. This is also conceded and admitted on behalf of the Union as well as the Association. Paragraph 3 of the written statement of the Association would show that the closing bonus is being paid without any deduction continuously for a long time (more than 12 years) irrespective of whatever profit earned by the Company till 1957. It is further admitted that between 1948 and 1957 there was no year of loss. Therefore, the 3rd test for inferring an implied agreement of closing bonus being a condition of service is not fulfilled in the present case—the fact of payment in the year of loss being an important factor in coming to the conclusion that

it was a matter of obligation on the part of the management based upon an implied agreement. So, from evidence on record I come to find that the closing bonus in the present case cannot be treated as a condition of service of the workmen resulting in a corresponding obligation on the part of the management based upon an implied agreement.

Now, I come to consider whether the closing bonus in the present case can be treated as a customary or traditional bonus which the Company is under obligation to pay at the uniform rate of one month's basic pay. In the case of Grahams Trading Company (India) Ltd. and their workmen reported in 1959 L.L.J. Vol. II, page 293, the Hon'ble Supreme Court has laid down four tests which must be fulfilled before a Puja bonus can be treated as a customary or traditional bonus. In such a case the tribunal will have to consider—

(1) whether the payment has been ever an unbroken series of the years,

(2) whether it has been paid for a sufficiently long period,

(3) the circumstances that the payment depend upon the earning of profits will have to be excluded, and therefore, it must be shown that payment was made even in the year of loss, and

(4) that payment must have been made at a uniform rate throughout.

So far as the present case is concerned, the test Nos. (1), (2) and (4) have been fulfilled in the present case. It has been admitted and proved that the closing bonus has been paid to the workmen by the Company at the uniform rate of one month's basic pay without any break for a sufficiently long period commencing from 1948 right down to 1957. But here also the 3rd test is wanting, namely, that it has not been proved that such closing bonus was paid by the Company to the workmen even in a year of loss. On the other hand, the evidence shows that from 1948 to 1957 there were always profits and never there was any loss incurred by the Company. In the circumstances, I cannot hold on the evidence on record and upon application of the four rigid tests laid down by the Hon'ble Supreme Court in the aforesaid decision that the closing bonus paid by the present management to its employees at the close of accounts of the year is to be treated as customary or traditional bonus as claimed by the Association and the Union. On the other hand, it is clear from evidence on record that the payment of this closing bonus has always been dependent upon earning of profits by the Company in the years concerned. Therefore, the Association and the Union failed to substantiate their claim that the closing bonus was a condition of service with them or that it was a traditional or customary bonus.

On the other hand, the contention of the Company is that payment of this bonus is an ex-gratia one and that the payment should always depend upon Company's earning appreciable profits. The Company's definite case is that as there was no available surplus out of the profits of the Company for the year 1958, the workmen were not entitled to any bonus out of profits whatsoever. But the Company has paid them closing bonus equivalent to half month's basic pay only as an ex-gratia payment and to maintain good relationship between the employer and the employees. In this connection I must also say that in previous years the Union of Jardine Henderson Swabalambi Employees did not claim the closing bonus as a condition of service or as a customary or traditional bonus. The Jardine Henderson Triton and Atlas Employees' Association in their written statement filed before this tribunal in connection with the dispute between the Company and its workmen referred by the appropriate Government to this tribunal under Government order No. 4206-I.R./IR/11L-100757, dated the 9th November 1957, described the closing bonus as a profit bonus though claiming it in the alternative as a settled service condition (vide extract from their written statement Ext. O).

Be that as it may, the expression "bonus" "without anything more to justify that it is a customary or traditional or Puja or festivity bonus or that it is the very term of the contract of employment, would ordinarily imply the notional surplus and available profits." This has been held by His Lordship of the Hon'ble Calcutta High Court in the case of Continental Commercial Co. (Private) Ltd. vs. 3rd Industrial Tribunal and others reported in 63 C.W.N., page 705.

So, in the present case when the Union and the Association have not been able to make out their case that the closing bonus is a condition of service or a customary bonus, I shall have to treat the closing bonus as a profit bonus and to see whether there was any available surplus out of the Company's profits for 1958 to justify payment of closing bonus equivalent to one month's basic pay as claimed by the workmen. The Company's definite case is that there was no available surplus out of the profits of the Company for the year 1958 to justify payment of any profit bonus to its employees in 1958, but that out of grace the Company paid to its workmen closing bonus reducing the quantum to half month's basic pay and that the Company was justified in the circumstances in reducing the quantum. The Association has stated in paragraph 12 of its written statement that the payment of the said closing bonus of one month's basic salary has become customary and that in any event the Company earned enough profit during the year 1958 and should not be allowed to reduce the quantum of the said closing or customary bonus. So what this Association wants to say is that there was enough available surplus out of the profits of the Company to pay to its employees closing bonus equivalent to one month's basic salary and that the Company was not justified in reducing the quantum to half month's basic salary. So, I shall have now to examine whether out of the profits earned by the Company for 1958 there was any available surplus after working out the Full Bench Formula initiated by the Hon'ble Labour Appellate Tribunal to justify payment of closing bonus equivalent to one month's basic salary to its employees and whether the management was justified in reducing the quantum of this bonus to half month's basic pay as the Company has done.

The Company has submitted before this tribunal a chart (Ext. S) to show that after working out the Full Bench Formula there was deficit and no available surplus for payment of any bonus to the workmen for the year 1958. Neither the Association nor the Union has filed any such chart showing any computations of available surplus out of

the profits of the Company for the year 1958. The chart filed by the Company (Ext. S) shows that the Company has taken the gross profits before charging income-tax and depreciation at the figure of 15.24 (lacs). To this they have added only the depreciation, namely, 1.31 as per profit and loss account annexed to the balance-sheet of the Company for 1958 (Ext. T) and has calculated the total gross profit at the figure of 16.55 (lacs). But the Company has not added back the amounts shown in the profit and loss account as provision for bad debts and provision for taxation. These two accounts should be added to the profits of 15.24 (lacs) to ascertain the total gross profits. I, therefore make the following computation to ascertain the gross profits:—

		Rs. (in lacs)
The profit shown in the profit and loss account (Ext. T) as balance, being profit carried down	...	15.24
Add back depreciation	...	1.31
Provision for doubtful debts	...	1.74
Provision for taxation	...	6.20
Development rebate return	...	1.50
Total		25.99
From this figure we must deduct 4.71 (lacs) being the balance brought forward from the previous year's account	...	4.71
Total gross profit for the year ending on 31st March 1958	...	21.28
From this amount of total gross profit we shall have to deduct the prior charges according to the Full Bench Formula initiated by the Hon'ble Labour Appellate Tribunal explained and clarified by the recent decisions of the Hon'ble Supreme Court in Associated Cement Companies' Case and subsequent cases. The first deduction as a prior charge from this total gross profit shall be the notional normal depreciation which appears to be 1.31 according to the balance-sheet. Deducting	...	1.31
		19.97

This amount from the total gross profits of 21.28 we get the balance at Rs. 19.97.

Next item for deduction from this balance of 19.97 (lacs) would be the notional income-tax at the rate of 51.5 nP. in the rupee payable for the bonus year. The Company has claimed this amount to be Rs. 6.20 (lacs) as shown in the profit and loss account. But this amount should not be taken for deduction according to the Full Bench Formula as clarified and explained by the Hon'ble Supreme Court in the case of Associated Cement Companies, wherein it has been held that in calculating the income-tax payable for the bonus year the tribunal should take into account the concessions given by the Income-tax Act to the employers under all the three depreciations allowed under section 10(2)(vi) of the Income-tax Act. In the present case the gross profits have been ascertained at Rs. 21.28 (lacs) from which notional normal depreciation of Rs. 1.31 (lacs) as shown in the profit and loss account has to be deducted as also the Development Rebate Reserve on Rs. 1.50 (lacs) shall have to be deducted. Making these two deductions from the gross profits we get the balance at Rs. 18.47 (lacs) upon which income-tax calculated at the rate of 51.5 nP. in the rupee would amount to Rs. 9.41 (lacs) approximately and not Rs. 6.20 (lacs) as claimed by the Company. So, I deduct Rs. 9.41 (lacs) as notional income-tax from the balance of Rs. 18.47 and the balance remains at Rs. 9.06.

Next item for deduction is the appropriate amount on account of dividends on paid up capital. Usually 6 per cent. interest is allowed on such capital. But in this case the Company has claimed 5½ per cent return on preference share capital of Rs. 50 (lacs) and the amount claimed is Rs. 75 (lacs) without deduction of income-tax. But from the balance-sheet it appears that there has been a deduction of income-tax from this amount to the tune of Rs. 86,625. So, the amount of dividends on preference share which the Company can legitimately claim is Rs. 1.88 (lacs). Upon ordinary shares the Company has shown 2½ per cent. dividend in the balance-sheet without any deduction for income-tax payable by the Company and this amount is Rs. 5 (lacs). The Company has considered these dividends as fair return on paid up capital. So, the amount of Rs. 12 (lacs) claimed by the Company as 6 per cent. return on ordinary shares of Rs. 2 crores cannot be allowed. I, therefore, deduct from the balance of gross profits, namely, Rs. 9.06 (lacs), Rs. 6.88 (lacs) including 5½ per cent. return on preference shares minus income-tax and 2½ per cent. return on ordinary shares without deduction of income-tax payable by the Company, and the balance is left at Rs. 2.18 (lacs).

Next item for deduction according to the Full Bench Formula would be the return of working capital. The Company has claimed 4 per cent. return on the general reserve of Rs. 62 (lacs) and the amount claimed by the Company for deduction as 4 per cent. interest on this amount of working capital is Rs. 2.48 (lacs). In order to claim any return on the working capital the Company must show that this entire general reserve was actually used as working capital and that it was really available and was, in fact, employed in the business during the whole of the bonus year. But the Company has not furnished any evidence in support of this claim. In the circumstances I have no alternative but to reject this prayer of the Company and, therefore, I do not make any deduction on the amount of interest on working capital from the balance of the gross profits shown above. The Company has not claimed or worked out in its chart Ext. S any amount by way of rehabilitation charges. As such, the available surplus found by me upon computations in compliance with the Full Bench Formula amounts to Rs. 2.18 (lacs). This is the available surplus out of the profits of the Company earned during the year 1958.

Now it is to be seen whether out of this surplus the workmen are entitled to get closing bonus equivalent to one month's basic pay instead of half month's basic pay allowed to them by the Company. It is not disputed that the monthly basic wage bill of all the employees including the clerical and non-clerical staff is approximately

Rs. 60,000. It is also an admitted fact that for the year 1958 the Company has paid to its workmen Puja bonus equivalent by 2 months' basic wages and closing bonus equivalent to half month's basic wages, i.e., in all the Company has paid to its workmen bonuses (both Puja and closing) equivalent to 2½ months' basic wages which would amount to Rs. 1.50 (lacs) approximately. If this amount is deducted from the net available surplus of Rs. 2.18 (lacs), the balance which remains at the disposal of the Company would be Rs. 68,000.

If, however, the claim of the Union and the Association for additional amount equivalent to half month's basic pay as closing bonus over and above what has been paid to them by the Company on this count is allowed, the Company will have to pay a further sum of Rs. 30,000 out of the available surplus, namely, the total amount of bonus both Puja and closing would thus amount to Rs. 1,80,000 out of the available surplus of Rs. 2.18 (lacs) leaving a balance of .38 lacs. Over and above this the Company will get a rebate of Rs. 90,000 by way of rebate of income-tax for payment of 3 months' basic pay by way of bonus (2 months' basic pay as Puja bonus and one month's basic pay as closing bonus). The total amount that will be in the hands of the Company would be 1.28 (lacs). It is, of course, now a settled principle that after available surplus has been determined it shall have to be divided in a fair and equitable manner amongst the 3 parties, namely, the industry, the share-holders and the workmen. But as it has been held by the Hon'ble Supreme Court in the case of Associated Cement Companies the ratio of distribution of available surplus would obviously depend upon several factors which must be considered by the tribunal before making an award directing the payment of fair and just amount to the labour by way of bonus. In the present case I think that it will be fair and equitable to allow one month's basic salary as closing bonus to the workmen out of the available surplus of profits of the Company for the year 1958 although out of the total available surplus of 2.18 (lacs) the bonus equivalent to 3 months' basic salary, i.e., 1.80 (lacs) would be much more than 50 per cent. of the total surplus that would remain in the hands of the Company. But in this case certain factors have got to be considered, namely, that the Company has already declared dividends at the rates mentioned above to the share-holders of preference and ordinary shares and has transferred a sum of Rs. 2.50 (lacs) out of the profits of the year to the general reserve. In the circumstances the Company should pay additional amount of closing bonus equivalent to half month's basic salary amounting to Rs. 30,000 approximately as claimed by the workmen in order to keep harmony and good relationship between the labour and the Company. Having regard to all these facts and circumstances discussed above, I allow additional closing bonus to the workmen equivalent to half month's basic salary over and above the quantum of closing bonus already granted to the workmen by the Company.

The result, therefore, is that the workmen are entitled in equity and in the interest of social justice to a further sum of closing bonus equivalent to half month's basic salary over and above the amount already granted to them by the Company. I, therefore, hold that the Company was not justified in the interest of social justice and equity in reducing the quantum of closing bonus to half month's basic salary for the workmen in 1958 inasmuch as out of the available surplus the Company which is a prosperous and reputed concern could have and should have paid one month's basic salary as closing bonus to the workmen as now claimed by the latter over and above the two months' basic salary as Puja bonus paid by the Company to the workmen in the year 1958.

The claim of the workmen for additional closing bonus equivalent to half month's basic salary for the year 1958 is thus allowed and the Company is directed to pay this amount to the workmen within a month from the date of publication of this award.

This is my award.

Basumati Sahitya Mandir (Dainik Basumati), 166 Bowbazar Street, Calcutta-12 and their workmen represented by the Indian Journalists' Association, 249-B Bowbazar Street, Calcutta-12, regarding matters specified in the second schedule of the Act, to this Court for adjudication:

Schedule

Is the dismissal of Shri Barin Ghosh, Editor of Dainik Basumati justified? What relief is he entitled to?

AWARD

This is a case arising out of alleged illegal and unjustified dismissal of Shri Barin Ghosh, Editor of Dainik Basumati, previously employed in Messrs. Basumati Sahitya Mandir (Dainik Basumati), 166 Bowbazar Street, Calcutta-12, hereinafter referred to as the Company for the sake of brevity.

Decision

In the instant case, both the Union and the Company put in their respective written statement in due course, and the case was ripe for hearing. At this stage, the Union filed a petition on 30th March 1960 stating that the workman concerned is dead, and hence it does not intend to proceed with the case. Since the workman is dead, I hold that this reference is incompetent, and in this view of mine I am supported by the ruling in the case of Malkera Choitudih Colliery and their workmen reported in 1959 L.L.J. Vol. II, pages 471-484. Thus the reference is incompetent, and the Court has no jurisdiction to adjudicate upon it.

I accept the memorandum of settlement as prayed for by the parties. The dispute is disposed of in accordance with the compromise made, as enclosed in the memorandum of settlement. AWARD

This is an application under section 33A of the Industrial Disputes Act, filed by Shri Basdeo Hela (hereinafter referred to as "the petitioner"), a workman of Messrs. Aluminium Corporation of India Ltd. (hereinafter referred to as the Company).

The Works Manager of the Company suspended the petitioner with effect from 22nd July 1958 and dismissed him on 13th May 1959 with retrospective effect from that date.

The alleged facts leading up to the dismissal of the petitioner are:—

On 16th July 1958 Shri A. N. Chatterjee (O.P.W. 1), Labour Welfare Officer of the Company, made a written complaint to the management that several workmen had assembled near the gate of the factory in the morning of that date for the purpose of holding a meeting. The meeting was finished at about 7-6 a.m. when the gates of the factory were being closed and he was standing in front of the gate office, all on a sudden the workers came towards him and began to shout loudly: "Maro, Maro, Saleko Maro, L. W. Sahebko Maro", and they came upon him twice or thrice for assaulting him. He saw specially that the petitioner and another workman, namely, Shri Ram Sabid took the leading part in the assault. He took shelter in the gate office and three workmen, named Shri Md. Sahidulla, Shri Munnilal and Shri Sudhanshu stopped the assailants. In pursuance of this complaint a charge-sheet was issued on 17th July 1958 against the petitioner for gross misconduct. The petitioner submitted a reply denying the charge. It may be mentioned that the reply was submitted on 18th July 1958 though it was dated 18th August 1958 apparently through mistake. On the same date, i.e., on 18th July 1958 the petitioner

was intimated that an enquiry will be held in the office of the Works Manager at 3 p.m. of that very date.

Now the petitioner's contention is that the enquiry was conducted by Shri R. D. Ray (O.P.W. 3), Assistant Works Manager, and six other employees of the Company and they recommended that the petitioner should be excused; that the management did not accept this recommendation and suspended the petitioner with effect from 22nd July 1958 and then dismissed him on 13th May 1959 with retrospective effect from the date of his suspension. The petitioner's further contention is that this action, viz., his dismissal by the Company is in contravention of the provisions of section 33 of the Industrial Disputes Act in so much as on the date of his dismissal, i.e., on 13th May 1959 an industrial dispute between the Company and its workmen was pending before this Tribunal in view of which the Company ought to have filed a petition before this Tribunal for approval of the said action, and also should have paid him one month's wages as contemplated by the proviso to section 33(2)(b) of the Industrial Disputes Act. The petitioner further alleges that the charge against him was false and the action of the Company was wholly illegal, mala fide and against all principles of natural justice.

The Company does not admit the petitioner's allegation that the enquiry was held by O.P.W. 3 and six other persons, but avers that it was held by the Works Manager himself on 18th July 1958, while some employees requested the management to pardon the petitioner and the aforesaid Ram Sabid, but the Works Manager was not willing to take a lenient view of the offence. So, he ordered for the dismissal of the petitioner and suspension for two days of Shri Ram Sabid. At the time of this order, i.e., on 22nd July 1958 an industrial dispute between the Company and its workmen was pending before this Tribunal which had been referred by Government order No. 2140-I.R., dated the 21st January 1957 (which will be hereafter referred to as the previous dispute, while the dispute referred to this Tribunal by Government order No. 1812-I.R., dated the 2nd May 1959, will be referred to as the current dispute).

As the Works Manager's decision to dismiss the petitioner was taken on 22nd July 1958, during the pendency of the previous dispute, the Company filed an application under section 33 of the Industrial Disputes Act on 26th September 1958 before this Tribunal for permission to dismiss the petitioner. Before this application could be taken up for hearing the award in the previous dispute was published in the "Calcutta Gazette" on 26th February 1959 and the Company's application under section 33 of the Act was struck off on 11th April 1959. The Company maintains that this was sufficient compliance of the provisions of section 33 of the Industrial Disputes Act and there has been no contravention of the same; further, the action taken against the petitioner is quite justified on merits.

The points for decision are:—

(1) Did the Company contravene any of the provisions of section 33 of the Industrial Disputes Act in dismissing the petitioner?

(2) Was the petitioner dismissed justly and properly?

Decision.

Point No. (1): When the alleged incident took place and the Company decided to dismiss the petitioner the previous dispute was pending. Here, it is to be noted that the alleged misconduct for which the Company decided to dismiss him was not connected with either of the disputes; so, the action taken by the Company was of a nature as is envisaged by section 33(2)(b) of the Act. In view of this provision the proper course for the Company was to dismiss the petitioner forthright and file an application before this Tribunal for approval of this action, and also the Company was to pay him wages for one month as contemplated by the proviso to section 33(2) of the Act. Instead the Company suspended the petitioner and filed an application before this Tribunal for permission to dismiss the petitioner. Here it is to be noted that neither at that time nor at the time when the petitioner was actually dismissed, i.e., on 13th May 1958, the Company did pay him one month's wages, nor was it even tendered to him at any time; also, the Company did not file an application for approval before this Tribunal when the petitioner was actually dismissed on 13th May 1959 when the Company was bound to do in view of the pendency of the current dispute. So, there is no doubt that the Company has contravened the provision of section 33(2) of the Act in not filing an application for approval of the dismissal of the petitioner and in also not paying or tendering him one month's wages. Thus, the present application under section 33A of the Act is held to be maintainable.

Point No. (2): It is not the petitioner's case that the Company dismissed him by way of victimisation. His contention is that he was not guilty of the misconduct for which he was charged and the management has violated the principles of natural justice and has committed a basic error in the matter of the charge and the enquiry against him, and that on the materials the finding against him was completely baseless and perverse.

It will appear from the record that the Company duly served a charge-sheet upon the petitioner. He submitted a reply to this charge-sheet and then he was properly notified that the enquiry would take place at 3 p.m. on 18th July 1958. But from the stage of the enquiry some difficulty arises. From the record supplied by the Company it cannot be clearly held whether the enquiry was held actually by the Works Manager or it was conducted by Sarbasree R. D. Ray (O.P.W. 3), Philips, Sahidulla, Sibpada Ray, D N. Banerjee (P.W. 2), Lachmi Mistry, and Matau, as has been contended on behalf of the petitioner. The evidence of the petitioner as well as P.W. 2 is that the persons named above held the enquiry. P.W. 2 corroborates the case of the petitioner and says that the petitioner and the other charge-sheeted workmen, namely, Shri Ram Sabid were recommended to be excused as there had been a row in which many workmen had taken part and as the charge-sheeted

workmen could not be fixed up with any particular offence. Shri Ray (O.P.W. 3) has denied that the enquiry was made by him and the other persons as proved by the petitioner and P.W. 2; but a document (Ext. 5) shows that Shri Ray (O.P.W. 3) and the other persons made an enquiry and recommended the petitioner and Ram Sabid to be excused. O.P.W. 3 says that he as well as Shri Philips took no part in the enquiry but was witness to this document as will appear from the original (Ext. B). The suggestion on behalf of the petitioner is that when they signed Ext. B, the word "witness" was not written against their names as no witness was necessary as appears from the document itself. This contention of the petitioner seems to be true in view of the fact that the nature of the document which was nothing but a recommendation for excusing the indicted persons did not require anybody to attest the same as a witness. So, from Ext. B and from the evidence on record one is inclined to hold that on 18th July 1958, i.e., the date of the appointed enquiry when the indicted persons appeared and when admittedly the Works Manager and the persons named in Ext. B were present, it was decided by the officers of the Company that the matter would be enquired into by the persons named in Ext. B, and so, these persons on 19th July 1958 recommended the indicted persons to be excused but the Works Manager didn't accept their recommendation because the offending workmen had not tendered an unqualified apology which fact is proved by O.P.W. 3 himself.

From the records proved on the Company's side (Ext. D) it appears that the Works Manager held some sort of enquiry on 18th July 1958 and he finished the same on 19th July 1958, but it is stoutly denied on behalf of the petitioner that the Works Manager himself examined any witness in presence of the petitioner. This contention of the petitioner seems to be true, in view of the fact that the Works Manager did not properly record the evidence of any of the several witnesses examined by him. It is said on behalf of the Company that immediately after the alleged incident several witnesses had submitted signed statements regarding the same; some of these witnesses are said to have been examined by the Works Manager at the time of the enquiry. From the record of their evidence, it appears that the Works Manager asked the witnesses to go through the aforesaid statements and they were asked whether the same had been written by them and whether the contents were true and the statements were read out and the petitioner was asked whether he had anything to say in the matter. This is certainly not a proper way of examination of witnesses on behalf of the prosecutor in cases like this which are of a quasi-criminal nature. Certainly such a procedure is not in accordance with the principles of natural justice. Further, the eye-witnesses of the incident as named in the report of complaint thereof (vide, Ext. C) made by the aggrieved person, namely, the Labour Welfare Officer (O.P.W. 1), were not examined. It was stated therein that Sarbasree Md. Sahidulla, Munnilal and Sudhansu stopped the indicted workmen from assaulting him. None of them was examined by the Works Manager, Shri Raghunandan Lal (O.P.W. 2) a head jamadar of the Company, who is said to have been a eye-witness of the occurrence, has stated in his evidence before this Tribunal that O.P.W. 1 was saved by himself and Jammu Bhagat and none else. This is directly contradictory to the written complaint (Ext. C). From this fact as well as from the fact that the witnesses purported to have been examined by the Works Manager were not properly examined by him and their evidence was also not properly recorded so as to enable this Tribunal or anybody to know what they actually deposed and whether their evidence was adequate for holding prima facie the petitioner guilty of the alleged misconduct, it is to be held that the Management was guilty of a basic error and violation of the principles of natural justice in not properly recording the evidence of the witnesses in the presence of the petitioner and further the finding of the Works Manager that the petitioner was guilty of the alleged misconduct is completely baseless and perverse. In this connexion it is to be noted that the Works Manager should have accepted the recommendation as made by the persons named in Ext. B.

Lastly, it is to be observed that the Works Manager is conspicuous in being absent from the witness box in this Tribunal. In view of the facts and circumstances of the case as discussed above, he ought to have offered himself as a witness to apprise this Tribunal as to the actual facts relating to the alleged enquiry. It was more incumbent upon him to do so in view of the specific allegation of the petitioner in the instant application that the enquiry was not made by him which seems to be borne out by the facts and circumstances discussed above. Also, the fact that the petitioner was dismissed for the same offence for which Ram Sabit was only suspended for two days is very significant in this connection.

As a result, it is held that the dismissal of the petitioner was not proper and justified.

Order

The application of the petitioner under section 33A of the Industrial Disputes Act is allowed on contest. The Company is directed to reinstate him within a month of the publication of this award and to pay him his full wages from the date of his suspension till reinstatement. The continuity of his service should be regarded as unbroken.

This is the award.

In the matter of an industrial dispute existing between Messrs. S. Antool and Co. (P) Ltd., 91 Acharya Profulla Chandra Road, Calcutta-9 and their workmen represented by S. Antool Mazdur Union, 35 Manicktolla Main Road, Calcutta. (Case No. VIII—187/59.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

An industrial dispute between Messrs. S. Antool & Co. (P) Ltd., 91 Acharya Profulla Chandra Road, Calcutta-9 and their workmen represented by S. Antool Mazdur Union, 33 Manicktolla Main Road, Calcutta, over the following issue, has been referred to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 5942-I.R./IR/11L-341/59, dated the 20th November 1959.

Issue

Bonus for the year ending 31st July 1958.

AWARD

Both parties after being served with notices filed written statements. The case was then fixed for hearing on 26th March 1960. On that day the Union did not turn up. But a petition signed by the workers was filed by the workmen, alleging that they have in a body resigned from the Union, made party representative in the order of reference, and as such the said Union cannot represent the workmen. It was further stated that the petitioners-workmen wanted to proceed the case through their own representatives. The workmen also prayed for an adjournment. The prayer was allowed upon hearing one of the applicant worker, Shri Dibakar Paul, who moved the petition in presence of the Company's lawyer.

The case was next fixed for hearing on 11th April 1960. On that date the employer was present with the lawyer. The other side, i.e., the workers did not turn up. It was apparent from the workers' prayer that they did not want to be represented by the Union and proceed with the case represented by some lawyer whom they would choose. In the circumstances the Union has got no right to represent the workmen, when almost all the workmen categorically expressed their intention that they would proceed independently and do not authorise the Union to represent their case. Besides, the Secretary of the Union does not come forward to challenge the contention of the workmen in any way. Nor does the Union turn up to proceed with the case.

In the final result, however, neither the Union nor the workmen appear before me to proceed with the case.

I thus heard the case ex-parte. The employer submitted the balance-sheets for 1957-58 showing gross profit as Rs. 9,273. Allowing the prior charges for Income-tax and after deducting at 6 per cent. at the paid up capital, and normal depreciation, their remains no surplus. I find that the workers are not entitled to get any bonus.

This is my award.

In the matter of an industrial dispute between Messrs. Union Drug Company Limited, 182 Rai Ambica Charan Roy Bahadur Road, Behala (Head office at 285 Bowbazar Street, Calcutta) and their workmen represented by the Union Drug Employees' Association 1 Joy Bhattacharjee Lane, Calcutta-3. For the Union: Shri Panchanan Bhattacharjee, President of the Union.

By Government order No. 1533-I.R./IR/11L-121/59, dated the 18th April 1959, an industrial dispute between Messrs. Union Drug Company Limited (hereinafter referred to as the Company) and their workmen represented by the Union Drug Employees' Association (hereinafter referred to as the Union) has been referred to this Tribunal for adjudication.

The following issues have been framed by Government:—

(1) Revision of Dearness Allowance,

(2) Abolition of contract system of labour,

(3) Increase in the rate of Tiffin Allowance,

(4) Whether the dismissal of Shri Sushil Chatterjee is justified? To what relief, if any, is he entitled?

AWARD

Decision

Issue No. (1): There are no grades and scales of pay prevalent in the Company. There are different categories of workmen getting different rates of basic pay and dearness allowance (hereinafter to be described as D.A.). Both the Company and the Union have filed charts of the present workmen and their total emoluments (i.e., basic pay plus D.A.) [vide, Exts. 1 and C]. There is a divergence between the two in the categorisation of the workmen, but there is no divergence in the figures of their total emoluments. The question of categorisation of the workmen need not be decided in this case as it is unnecessary.

The workmen claim D.A. at a flat rate of Rs. 41 per month, while the Company maintains that the D.A. now paid is adequate and a further increase thereof will not be justified by the capacity of the industry. It may be noted here that the Company manufactures medicines, etc.

For the purpose of deciding whether the present D.A. is to be revised, it is necessary to advert to the total emoluments of the workmen, specially of the lowest-paid. D.A. is now paid at a flat rate of Rs. 19 per month to most of the workmen; at the rate of Rs. 30 per month to many, and more than Rs. 30 to a few. The basic wage received by the workmen who get Rs. 19 as D.A. is lower than that of those getting Rs. 30 as D.A. per month and the latter's basic pay is similarly lower than the basic pay of those who get D.A. at rates higher than Rs. 30 per month.

The total emoluments of workmen getting Rs. 19 per month as D.A. mostly varies between Rs. 43 and Rs. 56. This, by itself, is not at all sufficient to meet the cost of the bare subsistence of the workmen; for, it has been held very recently by two major Omnibus Tribunals, namely, the Cotton Textile Tribunal (vide, "Calcutta Gazette, Extraordinary", dated 10th June 1958, page 2029) and the Engineering Tribunal (vide, "Calcutta Gazette, Extraordinary" dated 5th November 1958, page 5413) that, in view of the rise in the cost of living index (Calcutta area), the minimum wages of the cotton textile workmen and the workmen of the Engineering concerns employing more than 250 workmen should be about Rs. 61 and 71 respectively. The learned Judges who made those awards gave elaborate facts and data and reasonings for their finding regarding the minimum subsistence allowance of the workmen which is not given in this award as it would be nothing but a superfluity, but the fact remains that, in view of the further rise in the cost of living index since the passing of those two awards (from the figures published by the State Statistical Bureau, West Bengal, it appears that the middle class cost of living index in 1958 was 379.1, while that in 1959 was 383.4 and there was a similar increase in the cost of living of the working class), and taking a mean of the minimum subsistence wages fixed by those two awards, it is to be held that no workman should be paid less than Rs. 62 per month or thereabout as total emoluments for the purpose of his leave subsistence. So, there is no doubt that an increase in the D.A. of the workmen of this Company who are in receipt of Rs. 19 per month as D.A. must be given and an increase of D.A. of the other workmen is to be given in view of the fact that the D.A. that is being drawn at present by the workmen was given in 1948 as has been proved by the only witness of the Union (P.W. 1) and not denied by the Company. In 1948 the average cost of living index was 338 and 354 for middle class and working class respectively Apparently, in 1959 there has been an increase of about 45 points and for every five point rise in the cost of living index, Re. 1 is ordinarily allowed by the Tribunals as increase of D.A. In this connexion, it is to be observed that the minimum D.A. fixed by the aforesaid cotton textile and the engineering tribunals were respectively Rs. 32.50 and Rs. 36.00.

There is no reason why all the workmen of the Company, though it carries on a business of production of medicine, etc., should not get D.A. at or about the aforesaid rates, the rate payable to them being adjusted according to their present basic pay.

In view of the aforesaid considerations, it is held that the workmen of the Company who are now in receipt of Rs. 19 per month as D.A. are to be paid D.A. at the rate of Rs. 35 per month, while the remaining workmen are to be paid an increment of Rs. 8 per month to the amount of D.A. they are now getting subject to a maximum of Rs. 41 per month which is the amount claimed by the Union and the rates of D.A. as awarded hereby will have to be paid from 1st April 1960, provided that workmen now in receipt of D.A. at the rate of more than Rs 41 per month as D.A. will not in any way be affected by this award.

It is a fact that after 1948, the Company has given increments of basic pay of the menials and of the other workmen at the rate of Rs. 3 and Rs. 5 respectively on two occasions, once in 1957 and again in 1958. Further, the Company has paid Puja bonus at the rate of one month's total wages in 1957 as well as in 1958; so, the Company argues that there should not be any increase in the current rate of D.A. of the workmen. But this argument cannot be yielded to; for, from Ext. A, it appears that the Company made profit in 1957 and 1958 and so it paid profit bonus apparently because there is a big gap between the living wage and the wages actually paid to the workmen of the Company. Further the increment in basic wage has not been allowed to counterbalance the rise in the cost of living index. Such increments in the basic wage have been long overdue and the Company cannot baffle or reduce the claim of the workmen for increased D.A., because of the aforesaid grant of the two increments in basic wage. Further, the workmen whose D.A. is increased to Rs. 35 as above will get barely the subsistence allowance, in spite of the said increments of basic wage and the instant increment of D.A. So, the fact of the Company's having granted the said increments of basic wage, is of no avail against the workmen's demand for increased D.A.

It has been contended on behalf of the Company that it has no financial ability or stability to bear

the additional burden of D.A. as claimed or as may be awarded, but from the chart (Ext. A) it appears that the Company is making profits since 1953 and the amount of profit is gradually rising, though in the year 1958 it was lesser than in 1957, the amount of net profit in 1958 being Rs. 40,050 Now profit or no profit, the Company must pay the bare subsistence allowance to all its workmen and so the award of D.A. of the rate of Rs. 35 per month to those who are now getting Rs. 19 per month cannot be avoided on the ground of financial inability or unstability, because the total emoluments of such workmen composed of their present basic wage and the increased D.A. awarded would be barely sufficient for their subsistence. The other workmen to whom an increment at a flat rate of Rs. 8 is allowed subject to a maximum of Rs. 41 per month are legitimately entitled to get it in view of the phenomenal rise in the cost of living index since 1948 and the amount to be paid to them by this Company on account of the increased rate of D.A. will not be too heavy, as a major portion of the workmen are of the category which gets Rs. 19 per month as D.A.

At the time of argument it has been contended by the learned representative of the Company that it has not been able to pay the dividend for some years in the past and that even dividend payable to the Preference share-holders is in arrears. The balance-sheets of the Company for the years 1956, 1957 and 1958 have been produced (Exts. B to B2) These balance-sheets do not show that there is any arrears of dividend payable to the Preerence share-holders. On the contrary, these show that dividend was regularly paid to the Preference share-holders and, the ordinary share-holders were paid at the rate of 2½ per cent. dividends in the years 1956 and 1957. So, the said contention raised on behalf of the Company seems to be a lame excuse for not granting enhanced D.A. to the workmen. Also, this point has not been specifically raised in the Company's written statement.

Issue No. (2): From the evidence of P.W. 1., it appears that there is no contract system of labour in this Company. Probably for this reason the Company has signified its assent to abolish contract system in its petition, dated 21st March 1960. From the evidence of P.W. 1, it transpires that the Company employs some piece-rated workers and the Union wants them to be fitted in the grades and scales meant for time-rated employees. This particular aspect of the dispute is not covered by the issue No. (2) as framed, either directly or incidentally. So, no decision need be given regarding issue No. (2) as framed. An apprehension has been expressed by the learned representative of the Union that the Company may discharge the piece-rated workmen after this award is published. This apprehension seems to be groundless. Further, the Union will have its remedies if the Company takes the apprehended action; but, if the Union seeks to redress the grievances of the piece-rated workers it should raise a separate dispute regarding them as to whether they should be converted into time-rated workers.

As a result, issue No. (2) is left undecided.

Issue No. (3): Admittedly, the Company pays tiffin allowance to the workmen at a flat rate of Rs. 2 per month. The Union claims this tiffin allowance at the rate of Rs. 10 per month.

Regarding increase in the rate of tiffin allowance P.W. 1 says that tiffin allowance is not related to basic wage and D.A. This means that the tiffin allowance is given by the Company as an ex-gratia payment. So, practically, this question of tiffin allowance is not an industrial dispute and hence it is left undecided.

Issue No. (4): Shri Sushil Chatterjee (P.W. 1) is Assistant Secretary of the Union. He has proved that he was dismissed by the Company as a measure of victimisation. It has not been denied by the Company. Further, the Company in its petition, dated 21st March 1960, agreed to reinstate Shri Chatterjee.

As a result, it is held that Shri Chatterjee's dismissal by the Company was not justified. It has transpired in his evidence that sometime after the order of dismissal he was permitted to work in the factory and to draw his wages, but no formal order of reinstatement has been made by the Company.

So, it is awarded that Shri Sushil Chatterjee be reinstated formally, he do get the arrears of his wages since the date of his dismissal and the continuity of his service should be regarded as unbroken.

Summary of decision

Issue No. 1: Workmen who are getting at present Rs. 19 per month as D.A. will get Rs. 35 per month as D.A. from 1st April 1960 and all other workmen will get an enhancement of D.A. at a flat rate of Rs. 8 per month over the amounts they are now getting with effect from 1st April 1960, subject to a maximum of Rs. 41 per month but those who are already in receipt of D.A. at the rate of more than Rs. 41 per month will not be affected by this award.

Issue No. 2: It is left undecided.

Issue No. 3: It is also left unanswered.

Issue No. 4: Shri Sushil Chatterjee be reinstated and paid arrears of his wages since the date of his dismissal. The continuity of his service is to be regarded as unbroken.

DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

RESOLUTION

No. 4849/M.1M-18/60.-14th May 1960.—The Administration of the English Bazar Municipality in the district of Malda has been causing concern to Government for some time past. Inspections made by the Subdivisional Officer, Malda, and also by the Inspector of Local Bodies recently reveal a very disquieting state of affairs and gross irregularities and mismanagement particularly in regard to the financial transactions of the municipality. The following are some of the instances of incompetency and default shown by the municipal commissioners in the performance of their duties:—

(i) There was serious irregularity in the matter of purchase of a road roller at a cost of Rs. 52,620. The Subdivisional Officer, Malda, who enquired into the matter found that the acceptance of tender of the supplier was irregular and that the municipal commissioners did not observe the caution expected of them in dealing with money advanced by Government.

(ii) The financial position of the municipality is very unsatisfactory. Cash balance on 31st March 1959 was Rs. 53,221 while the liabilities on that date amounted to Rs. 1,03,875 and stood at Rs. 95,490 at the end of December 1959.

The main reason for this unsatisfactory state of finance is poor collection. The percentage of total collection on total demand less remission was only 61 in 1958-59 as against 62 in 1957-58 and 74 in 1956-57. Total collection up to the 31st December 1959 was Rs. 1,33,277 as against Rs. 1,44,075 in the corresponding period of the preceding year. As against the current annual demand of Rs. 2,07,496 in 1958-59, outstanding balance at the close of the year stood at Rs. 1,27,286 which must be considered to be very unsatisfactory. As many as 4,394 holdings out of the total number of 6,336 holdings were in arrears of taxes at the end of 1958-59. It is thus evident that 75 per cent. of the rate-payers were in arrears at the end of the last year—some for 2 or 3 quarters and some for more.

(iii) Provision of section 155 of the Bengal Municipal Act, 1932, for recovery of municipal rates and taxes does not appear to have been scrupulously followed. Bills are presented to the rate-payers quarter by quarter but demand notices are not issued on all rate-payers who fail to pay their dues within 30 days of the receipt of the bill as required under section 155(4) of the Bengal Municipal Act. There are more than one thousand defaulters in each quarter and under the rules demand notices ought to have been issued to each defaulter in each quarter. If the rate-payers fail to pay their dues within 30 days of the receipt of the notice of demand, coercive measures are required to be taken under section 156 of the Bengal Municipal Act for realisation of their dues

quarter by quarter. Such measures are not taken and most of the arrears are left to accumulate year after year. Distress warrants issued were too inadequate in consideration of the huge arrears exceeding rupees one lakh at the end of the year.

(iv) Though the municipality has already been declared indebted by Government under section 116 of the Bengal Municipal Act, the municipal commissioners had incurred expenditure under certain heads by reappropriating sums from the closing balance provided in revised estimates for 1958-59, in contravention of sub-rule (4) of rule 27 of the Municipal Account Rules.

(v) The municipal commissioners have failed to observe the provision of rule 225 of the Municipal Account Rules regarding submission of balance-sheet to the District Magistrate.

(vi) A portion of the Government grant earmarked for special purposes has been diverted for general purposes without previous sanction of Government in disregard of the provision of rule 202 of the Municipal Account Rules.

(vii) Under the rules open tender should invariably be invited for supply of any article worth Rs. 500 or above. In contravention of the rule and against the sanctioned estimate of Rs. 1,500, the municipal commissioners purchased a Tar Boiler at a cost of Rs. 1,800. No sanction for the deviation was forthcoming during audit. Similarly, the work of construction of canopies for drivers was executed at a cost of Rs. 1,000, without inviting tenders or quotations.

(viii) Rules 79 and 80 of the Municipal Account Rules regarding maintenance of license accounts were not observed. Considerable amount of licence fees have also been allowed to fall in arrears in contravention of rule 82 of the said rules. In a particular case, remission of licence fees were granted irregularly.

(ix) The Head Clerk-cum-Accountant of the municipality was allowed to draw pay in a revised scale which was not sanctioned by Government as required under section 66(2)(ii) of the Bengal Municipal Act.

(x) Inspite of the matter being pointed out in successive audit notes, no security deposits were obtained from some of the employees as required under rule 133 of the Municipal Account Rules.

(xi) During the audit undertaken in August 1959, it was found that the register of furniture was not verified by the executives as required under rule 258 of the Municipal Account Rules. The register of lands did not contain the entries of the buildings owned by the municipality and inspite of successive audit notes no register of tools and plants was maintained.

(xii) For successive years the municipal commissioners failed to maintain the minimum closing balance as required in rule 28 of the Municipal Account Rules.

They also failed to submit the administration report within the time prescribed in rule 1 of the rules regarding submission of such reports.

2. After a very careful consideration of the state of affairs of the English Bazar Municipality Government have come to the conclusion that the commissioners of the said municipality have shown incompetency to perform and have persistently made default in the performance of duties imposed on them by the Bengal Municipal Act, 1932, and the rules made thereunder.

3. Now, therefore, in exercise of the power conferred by section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to declare the said commissioners to be incompetent and in default and to supersede them for a period of two years with effect from the date of publication of this resolution.

Ordered that this resolution be published in the "Calcutta Gazette".

By order of the Governor,
A. NIYOGI,
Jt. Secy. to the Govt. of West Bengal.

NOTIFICATION
